The Columbian.

VOL. 36. BLOOMSBURG, PA. THURSDAY, AUGUST 15, 1901. NO. 33

THE BENTON TROLLEY.

The charter for a trolley road from Bloomsburg to Benton, of which mention was made last week, covers the following lines.

Beginning at a point in public road leading from Mainville to Bloomsburg near P. R. R. station at East Bloom, crossing the river to Bloomsburg, thence to Ninth street, thence westwardly to Catharine street, thence northwardly to sixth street, thence westwardly to Railroad street, thence a northerly direction to Fifth street, thence in an easterly direction to Market street, thence north to Second street, thence east to north Street, thence to Light Street Road, thence by said Light Street road to limits of Bloom, thence by the public road leading from Bloom to Light Street, Orangeville, Stillwater and Benton, following the general course of what is known as Fishingcreek, through Scott township and Orange township to the limits of Orangeville Borough, thence by the Main street of the borough of Orangeville trom the southern to the northeran limits thereof, thence through Orange township following the public road, along said Fishingcreek and crossing the county bridge over said Fishingcreek to the northeastern limits of said Orange township, thence following the said public road through Fishingcreek township to the southern limits of the Borough of Stillwater, thence through the Main street of the Borough of Stillwater from the southern to its northern limits, crossing the said Fishingcreek by county bridge at a point near the store of Moses McHenry & Son, thence by the same public road to the line dividing Benton township from Fishingcreek township, thence by the same public road through Benton township to the line dividing Benton township from Benton Borough, thence by the same public road through Benton Borough crossing Fishing creek by county bridge, and the Main or Second street of the borough of Benton to the northern limits thereof, returning by the same route to the place of beginning with single or double tracks, and the necessary turn outs and switches.

Capital stock of the Company is $120,000, being at least six thousand dollars for every mile of road to be constructed. Stock to consist of twenty four hundred shares of fifty dollars each.

Columbia & Montour Railway Extension.

At a meeting of Stockholders of Columbia and Montour Electric Railway Co., held at Harrisburg August 7, the following resolutions was passed.

Resolved, That for the increase of business and for the accommodation of the public the route of the Columbia and Montour Electric Railway be and the same is hereby extended over and along the following named highways towit:

Begining at the intersection of East and Fifth streets of the town of Bloomsburg, thence eastwardly on Fifth street to the new Light Street road, thence in a westwardly direction on the new Light Street road to the Hidlay road, between Espy and Light Street, thence by the road between Espy and Light Street to Light Street, thence by the Main street of Light Street through Light Street to the road between Light Street and Orangeville to Orangeville, thence along Main street of Orangeville to the intersection of Main and Ricket streets of the town of Orangeville or upon the private rights of way here and there along said route as may be acquired and be desireable to the said Columbia and Montour Electric Railway Co.

An ordinance was adopted by the Orangeville Borough Council last Friday night, permitting the laying of tracks etc. through the borough. The ordinance is printed in full in this paper on page 6.

They Will Marry.

The following couples have been granted licenses to wed by Prothonotary W. H. Henrie.

Alfred Hiney and Miss Bertha Shoop, both of Berwick.

Edward B. Reighard, of Newberry and Miss Margaret Hidlay, of Bloomsburg.

C. E. Blaine, of Berwick and Miss Nellie Mabel Hess, of Mifflin.

Theodore Cope, of Beach Haven and Miss Julia Porter, of Berwick.

W. L. Weatherell, of Madison township and Miss Minnie Williams, of the same place.

The New England Bloomer Girls, traveling in their own special car will play base ball with Bloomsburg here on Tuesday afternoon.

Sound and Private.

We have founded an institution in which the people can deposit their money with a feeling of the utmost confidence and safety.

The accounts of our customers and their other business transactions are regarded by us as strictly confidential.

A. Z. SCHOCH, President. WM. H. HIDLAY, Cashier.

A BATTLE ROYAL.

Sunday afternoon three drummers, who were desirous of spending an hour or two in some shady nook, started for a stroll with the River Hill as their objective point. From the register of the hotel at which they were guests we secured their names, John Allen, West Chester; Billie Dean, New York; and G. R. Edwards, the well known book agent of Scranton. The weather was fine, the spirits of the trio buoyant and the repartee of the last named gentleman kept the merriment at a high point. They had almost reached the summit of the hill when an object in the middle of the road some distance ahead, and to all appearances a piece of stove pipe, challenged their attention. Suddenly the supposed stove pipe showed signs of life and began to move right toward them. There was a loud hissing sound, resembling the escaping steam of a locomotive. "A snake" shouted one of the party, and terrorized by the size and apparent viciousness of the reptile they leaped to one side of the road. A brief consultation resulted in a decision to dispatch his snakeship, and arming themselves with logs and stones, they, from an intrenched position, hurled them with all the energy of their makeup into the road. The combat was brief but terrible. The snake, after emitting several mournful shrieks, finally gave up the ghost. It measured, in death, nearly six feet.

The adventure has had a very peculiar effect on the minds of the gentlemen, and they don't know whether they've got 'em or not.

Death of Martin VanBuren Kline.

Martin NanBuren Kline died at his home in Catawissa Sunday afternoon and will be buried this afternoon. Interment will be made in Greenwood Cemetery, Catawissa.

Deceased was sixty-eight years of age. He was a son of the late ex-Judge Peter Kline, and was born and reared on a farm in Franklin township, this county. After reaching a mature age Mr. Kline moved to Catawissa where he entered into a partnership with John Gilbert and embarked in the general merchandise business, in which they were remarkably successful. Mr. Kline's life has had some political significance attached to it, he having served one term as County Auditor. He also held other minor office in the township. For many years he was a sufferer from heart disease, which malady caused his death. The end came while he was reading a newspaper in his yard.

Besides his widow he leaves five children. Deceased was a well known gentlemen, respected in his old home community in Franklin township and also esteemed by those about him in his adopted home in Catawissa.

A HOME WEDDING.

An interesting nuptial event was the wedding of Mr. Edward Reighard of Newberry and Miss Margaret Hidlay which was solemnized at the home of the bride's mother, Mrs. Samuel Hidlay, Tuesday morning. The ceremony was devoid of display and only immediate relatives were in attendance. The bride is a popular young lady and for the past two years has been saleslady in H. J. Clark & Son's store where by her pleasing manner she was a general favorite. The groom is in the employ of the Reading Railway and stationed at Newberry Junction. The COLUMBIAN joins with their many friends in wishing a happy life.

The Bloomer Girls is a first class organization, truthfully advertised and honestly conducted. At Bloomsburg Tuesday next.

THE COMING FAIR.

Everything Points to a Successful Exhibition.

Numerous are the inquiries already being received by the Fair managers, concerning the coming annual exhibition of the Columbia County Agricultural, Horticultural and Mechanical Association. The early manifestation of interest only serves to strengthen the contention that no other agency does so much toward advertising the resources and nothing else so effectually turns the tide toward a town as a fair. A fair, is, to our notion, a sort of temporary commercial museum and has a great educational value. A day at the fair teaches a child more of the manufactures, productions and industries of his town and county than many hours study will do. In large cities of course it is quite different, but here in towns of this size there is no other way for young people to form an adequate idea of the wealth and resources of their own neighborhood. Agricultural products, farming implements, domestic productions and utensils of all kinds, furniture and machinery—in fact most things that are made or used may be seen; poultry and pigeons, domestic animals are always on exhibition and each appeals to different classes of admirers.

Every one is more or less interested in horses, and treats of speed and endurance show to what perfection the training of the American horse has been carried. The race program this year is a good one, and the liberal purses, will serve as an inducement will bring many well known horses here. Particulars of this feature will be announced in these columns in due time. There will no doubt be plenty of the regulation amusements for those who incline to the merry-go-round, side shows, etc.

Our merchants have in past years made interesting and valuable exhibits and this year will be no exception. to the rule. The date is October 8–11, inclusive.

SEVERE STORM.

Very Little Lightning But Heavy Downpour of Rain.

What was probably the heaviest rain of years visited this section Saturday afternoon. At about half past four there was a good shower followed by a clear sky and to all appearances the storm was over for the day, but dark and mysterious looking clouds began to gather, the whole firmament took on a cyclonic aspect, there was an occasional flash of lightning and the rain fell in torrents. The streets were suddenly transformed into young creeks. Cellars in various portions of the town were flooded, but otherwise the damage was nominal. A number of telephones and the electric alarm system was temporarily put out of service. Several washouts occurred on the railroads and delayed trains. The up train on the D. L. & W. due at Bloomsburg at 6:38 was belated four hours by a slide down near Roaring Creek. Repairs were made promptly however, and traffic proceeded regularly on Sunday.

"Only once before in my memory" said an old resident on Saturday evening has it rained so hard, that was back somewhere in ninty-two or three. Then the steam engine was called into requisition to get the water out of the cellars.

The Good Will Fire Company of the Second Ward is preparing to hold a festival on Friday and Saturday evenings, August 22 and 23. The entertainment will be held at the hose house of the company and arrangements are being made to accommodate a large crowd.

Married at Wilkes-Barre.

The marriage of Richard W. Shelly, of Patterson, N. J., and Elizabeth T. Wintersteen, of Plains, on Thursday at noon was a particularly happy event. Neighbors and friends came with words of sincere congratulations until the old home was comfortably filled. The bride and groom were happy in having their parents present to witness the ceremony. The pastor, Rev. Dr. H. E. Spayd, was happy in his words of counsel to the young couple, the bride especially, who has been associated with him in many events, receiving his sincere blessing. There were music flowers, good cheer, and warm friends. Mr. and Mrs. Shelly left at midnight. They were connected with the educational interests of the valley for years. Mr. Shelly is a graduate of Mansfield, State Normal School. He was principal of West Wyoming schools for four years and is now in a business way connected with a school that is fast changing the workers of the country into a class of educated men and women. Mrs. Shelly is better known as the secretary of the Bloomsburg Alumni of Luzerne County. In this position she has had the privilege of giving aid and comfort to many young teachers who felt they could ask her advice. The Bloomsburg State Normal School will always have a warm place in her affections. The young people will be at home in Paterson, N. J, and are fortunate in having two country homes to return to. The bride was handsomely remembered, the gifts consisting of silver, cut glass, china, table linen, lace handkerchiefs, needle-work, clocks, pictures, jardinieres, books and chairs.—*Wilkes-Barre Record of Times.*

An accident that might have had a fatal ending occured at the home of Alfred Erwine in Bendertown on Monday, when his daughter, Miss Annie, was shot in the breast by the accidental discharge of a revolver. She and Frank Davis, of Asbury, had been shooting mark in the yard and retired to the house thinking that the weapon was empty. They carelessly began to scuffle for the possession of the weapon when a remaining cartridge was discharged. Dr. Wagner responded to a summon and he succeeded in extracting the bullet. The young lady will recover. Had the shot taken effect an inch lower she would doubtless have been instantly killed.

About twenty-five young people took a "straw" ride from Bloomsburg to Millville last Thursday night and stopped at the home of William Christian where they ate, drank and made merry on into the wee sma' hours of the morning when they returned to their homes. The party came as a surprise to Mr. Christian and his family because the telephone wires were not in working order that evening and party were unable to give notice of their coming.—*Tablet.*

The Millville Stage leaves Bloomsburg at four o'clock now instead of half past four.

GAINS BY STRIKERS.

Bellaire Plant Is Forced to Shut Down.

BREAK IN CARNEGIE FORCES.

Ten Skilled Workmen In Lower Mill Go Out—Some Accessions to Shaffer's Ranks In McKeesport and Wheeling—To Close Bellwood.

PITTSBURG, Aug. 14.—Neither side moved decisively yesterday in the great industrial conflict between employers and employees in the steel trade, and the result is still in the balance. The strikers made gains at Pittsburg, McKeesport, Wheeling and Bellaire in the last 24 hours, but in the main the advantage is still with the mill owners. Both sides claim to be preparing moves that will bring confusion to opponents, but neither side had shown its hand. The general situation can be briefly summarized as follows:

Ten men, five of them skilled, quit at the lower Union mill of the Carnegie company in Pittsburg and joined the strikers. Their defection represents the first break in the Carnegie forces of more than 15,000 men. The strikers were jubilant over the incident, but the company claims to have filled their places at once and that there will be no more desertions at any of the plants.

The Bellaire plant at which the men struck on Sunday was finally closed down after working short handed until Monday afternoon. When another start will be made is problematical.

Several hundred boys employed at the National Tube works at McKeesport went out during the night and day, and their action materially aided the effort of the strikers to finally tie the plant up. The works are going ahead short handed, but the ranks of the workers are thinning, and the supply of material is limited.

The strikers made gains at Wheeling, and the steel officials admitted that Benwood would be closed down. Clark's mill here is moving along full handed, Lindsay & McCutcheon's is operating with a small crew, and the managers are planning to open Painter's and increase the force at Lindsay & McCutcheon's. A break in the ranks of the men who struck at Painter's is expected, but the strike managers deny that one will occur. Another break is reported as possible at Newcastle, but there are as yet no positive indications of it.

The American Tin Plate company has a small force at the Crescent plant in Cleveland and is also planning resumption at other points with nonunion men.

Both sides express their confidence in ultimate victory and are actively carrying forward their respective campaigns. President Shaffer of the Amalgamated association left today for Wheeling, where he is to address the strikers. The number of men out as a result of the general order is now roughly estimated at 16,000 and on the three orders at 62,000. Many strikers have found work in independent mills or at other occupations, and many are idle merely because the skilled men are out.

According to an authoritative announcement made to a representative of the press by officials of the American Sheet Steel company, the destruction of another plant has been ordered by the steel corporation as a result of the refusal of the men to operate it. This time it is the Chartiers plant at Carnegie that is to be dismantled. It is owned by the American Sheet Steel company, and the orders to tear it down went out yesterday. It will be removed to Leechburg, in the Kiskiminetas valley.

The strikers were called together Monday by Superintendent John Henry and preliminary notice of the company's plan served on them. Eighty strikers responded, and Mr. Henry told them that the fires would be lighted and all preparations made for a start Tuesday. He said that at 2 o'clock the whistle would be blown, and if the men failed to respond the fires would never be relighted. The programme as outlined was carried out, but when the whistle sounded the men did not respond. The fires were at once drawn, and the order to dismantle and remove the mills was given. The officials of the company said that the plant would be down and moved within two weeks.

The steel corporation held its ground at Chicago, Joliet, Bay View, Youngstown, Columbus, the Kiskiminetas valley and the Carnegie group with the exception of the instance named. The strikers are considering plans for breaking the decision of Chicago, Joliet and Bay View to stand with the steel companies, but what they plan to do has not yet been made clear. They are charging some of the western men with both dishonesty and disloyalty, and there is a general desire among members of the Amalgamated here for some form of inquiry.

There was no trouble at any of the strike centers yesterday, although it was anticipated at the points where plants are being partially operated and the men are wavering on the question of going out. Crowds surrounded the Carnegie plants here, and the officials finally called on the police to clear them away. The officials say that the loss of ten men at the lower Union mill can be directly traced to the threats of the strikers, who intercept the men on the way to and from work. They make the same complaint as to Bellaire, Wheeling and McKeesport.

A telegram from Youngstown says that the furnace workers have decided not to strike. The executive committee of the Furnace Workers' union of Mahoning and Shenango valleys met in that city today to receive and take action upon the report of the subcommittee appointed to investigate the rumored sale of the output of the furnaces of the two valleys to the United States Steel corporation. The subcommittee's finding was to the effect that the rumor was correct, but the executive committee, after a long discussion of the situation, in view of the fact that the steel corporation has furnace capacity of its own sufficient to supply its present needs and the further fact that the furnace owners involved have given the men assurances that if they will continue at work no pig iron will be shipped under the contract with the steel corporation, decided that a strike at this time is unadvisable. Meantime it was decided to organize the stockmen and other employees of all the furnaces of the country, effecting a national organization, which shall be affiliated with the American Federation of Labor.

Peruvian Cabinet Censured.

LIMA, Peru, Aug. 14.—The Peruvian chamber of deputies adopted a resolution censuring the cabinet by a majority of one vote.

THE COLOMBIAN REVOLT.

State Department Receives Important Advices.

WASHINGTON, Aug. 14.—The state department yesterday received mail advices from three different quarters in Colombia, all showing revolutionary movements in progress and a rather serious condition of affairs. Both termini of the Panama railway route were heard from, Consul General Gudger writing from Panama as to a revolutionary attack on nearby towns and Consul Malmros, at Colon, reporting that guerrilla fighting had been going on at different points between Colon and Panama.

At the same time Minister Hart wrote from the capital of Colombia as to the arrest and imprisonment of prominent adherents of the former president, Dr. Sanclemente, as they were suspected of seeking to have the Nationalist organization join with the Liberals, who are said to be showing increased strength and activity in a revolutionary movement.

Although these letters have taken some time to come forward, yet they give the state department about the best and the only definite information which is at hand as to the condition of affairs. Mr. Gudger's letter speaks of a revolutionary raid on the 26th and 27th of July, in which an alcade and several policemen were made prisoners and some arms and provisions captured. This is not the holding up of the train at Matachin reported by him by cable, as that happened later and did not result in any looting.

The navy deparment has received word of the departure of the Iowa from Puget sound for San Francisco, whence she will go to Panama if her services are required there.

HENRY OF ORLEANS DEAD.

Descendant of French Kings Passes Away In Cambodia.

LONDON, Aug. 10.—A dispatch from Saigon, the capital of French Cochin-China, says that Prince Henry of Orleans, who had been seriously ill in Cambodia, is dead.

Prince Henry of Orleans was the oldest son of the Duke of Chartres. He achieved some fame as an explorer. He was born at Ham, near Richmond, England, on Oct. 16, 1867.

Before Prince Henry was taken ill he expressed his intention of visiting the United States, and Newport was expecting that he would reach there before the close of the season. His father, the Duke of Chartres, served in the Italian army in 1859 and in the Federal army in the American civil war in 1862.

Prince Henry was a first cousin of the Duke of Orleans, head of the royalists of France and a great-grandson of Louis Philippe, who was king of France from 1830 until he abdicated the throne in 1848. The present head of the Bourbons of France, Prince Louis Philippe Robert, duke of Orleans, was the son of the late Count of Paris.

Charged With Criminal Negligence.

PHILADELPHIA, Aug. 14.—George B. McClemmy, proprietor of the grocery store at Tenth and Locust streets, in which on Monday of last week an explosion of gasoline occurred, resulting in the death of eight persons and the injuring of about 40 others, has been arrested on a warrant issued by Coroner Dugan. McClemmy is charged with criminal negligence in keeping explosive oil in the cellar of his store. He was injured in the explosion and is at present confined to his bed. He will be kept under police surveillance until he is able to appear at the inquest, the date of which has not yet been decided.

Rockhill to Leave Peking.

LONDON, Aug. 14.—"Mr. Rockhill, the United States special commissioner, will leave Peking in a few days," says a dispatch to The Times from the Chinese capital. "The French government, with characteristic courtesy, has offered the cruiser Pascal to convey him to Japan, whence he will proceed by steamer."

Odell Leaves Albany.

ALBANY, Aug. 14.—Governor Odell, accompanied by Mr. James G. Graham, his private secretary, left Albany at 5 o'clock yesterday afternoon for Newburg. "I have nothing to announce concerning the New York police situation," said the governor to a press representative as he boarded the train.

Edison Absorbs Boston Company.

BOSTON, Aug. 14.—Changes made in the board of directors at the annual meeting of the Boston Electric Light company practically complete the consolidation of the Boston company with the Edison Electric Illuminating company under the name of the latter.

Wreck on Chesapeake and Ohio.

RICHMOND, Aug. 14.—In a wreck on the James River division of the Chesapeake and Ohio railroad near Norwood, Nelson county, yesterday afternoon one man was killed and several were injured. All were employees of the company.

Mules For British Army.

NEW ORLEANS, Aug. 14.—The British steamer Montenegro, with a cargo of 1,000 mule for the British military operations in South Africa, has cleared from this port for Cape Town.

Ito Coming to America.

YOKOHAMA, Aug. 14.—The doctors have ordered the Marquis Ito, the former premier, to take a sea voyage for his health. He is consequently going to America for a short stay.

New York Markets.

FLOUR—State and western acted a trifle easier owing to the wheat break, but was not quotably lower; Minnesota patents, $3.90@4.20; winter straights, $3.40@3.55; winter extras, $2.50@2.80; winter patents, $3.60@3.90.

WHEAT—Opened weak under bearish cables, but rallied on covering and light offerings; September, 78½@78 11-16c.; October, 78⅝@79c.; December, 80 5-16@80⅝c.

CORN—Quiet and weaker with wheat and on cables; September, 63@63⅛c.; December, 65@65⅝c.

OATS—Quiet and barely steady; track, white, state, 42@50c.; track, white, western, 42@50c.

PORK—Steady; mess, $15.25@16.25; family, $16.50@17.

LARD—Steady; prime western steam, 9.05c.

BUTTER—Firm; state dairy, 14@19c.; country, 16@20½c.

CHEESE—Quiet; fancy, large, colored, 9¼c.; fancy, large, white, 9¼c.; fancy, small, colored, 9⅝c.; fancy, small, white, 9⅝c.

EGGS—Firm; state and Pennsylvania, 16@18c.; western, candled, 12@16½c.

SUGAR—Raw quiet and easy; fair refining, 3 9-16c.; centrifugal, 96 test, 4¼c.; refined dull; crushed, 5.85c.; powdered, 5.45c.

TURPENTINE—Quiet at 36@36½c.

MOLASSES—Steady; New Orleans, 35@42c.

RICE—Firm; domestic, 4¼@6¼c.; Japan, 4¼c.

TALLOW—Steady; city, 4⅛c.; country, 4⅛@4½c.

HAY—Quiet; shipping, 72½@75c.; good to choice, 90@95c.

SIGNOR CRISPI DEAD

Italian Statesman's Long Illness Ended.

AFFAIRS IN GREATEST CONFUSION.

Wife May Have Only Sale of Memoirs to Depend On—Details of Funeral All Arranged Before Death Came.

NAPLES, Aug. 12.—Signor Crispi died at 7:45 o'clock last evening. He was surrounded by the members of his family and several intimate friends. The news was immediately telegraphed to King Victor Emmanuel and Queen Helena.

The evening papers assert that the body will be conveyed by steamer to Palermo, where the municipality will arrange for a great public funeral.

It is rumored that Signor Crispi's will authorizes a prominent Italian politician to examine his papers and to publish his memoirs.

In consequence of the low condition of Signor Crispi yesterday morning the injections of stimulants and the administration of oxygen were stopped, the physicians recognizing that both were quite useless. Through the day he lay inert and insensible, and he was virtually dead for hours before the physicians certified that life was extinct.

Some indignation was expressed when the public learned that the details of the funeral had been arranged before death came.

It is rumored that the affairs of the deceased are in the greatest confusion and that Signora Crispi will have to depend solely on the proceeds of the sale of the memoirs.

The body will be embalmed and will lie in state for three days in the drawing room of the Villa Fina, in Naples, the walls of which are adorned with frescoes representing the principal episodes of the Garibaldean epoch.

Signor Joratro, the sculptor, has taken a cast of the face. Seals have been affixed to the belongings of the deceased, and Signor Lauronzana of the chamber of deputies has been appointed trustee of the will.

Veteran soldiers, firemen and police will act as a guard of honor during the lying in state.

A great state funeral will be held in Naples before the body is removed to Palermo. King Victor Emmanuel will be represented at the obsequies.

Wreck on the Lehigh.

BUFFALO, Aug. 10.—The two rear cars, a Pullman observation coach and a parlor car, on the Lehigh Valley Railroad company's Black Diamond express which left this city yesterday at noon for Philadelphia jumped the track and broke loose from the balance of the train at North Leroy, ten miles east of Batavia, shortly after noon. The train was running over 50 miles an hour at the time. The parlor car remained on the ties, and no person was injured, but the observation car plunged down the embankment and dropped over on its side in the ditch. It was badly demolished, but only eight of its occupants, including the Pullman conductor and porter, were injured and these not seriously. The injured sustained only bruises and small cuts about the head and body. Their wounds were dressed by doctors summoned from Leroy, and they proceeded on the coaches of the unwrecked portion of the train, which went on to New York at 2:30 p. m.

Four Hurt In Wreck.

DUBOIS, Pa., Aug. 12.—Through the alleged failure of the telegraph operator at Carmen to deliver a train order to a north bound freight train two trains were wrecked and four trainmen were injured, one of whom is likely to die. The wreck occurred north of Carmen on the Buffalo, Rochester and Pittsburg railroad. The injured are: Conductor James Gillespie, not expected to live; Engineer Wilkes, Engineer Reilly and Brakeman Harry Smith. All the injured men lived at Bradford. On account of the mistake of the operator the north bound and the south bound freight trains met on a curve. The two locomotives and a dozen cars were badly wrecked.

Kitchener Reports Successes.

LONDON, Aug. 13.—In a long dispatch issued last night reporting the operations of various columns Lord Kitchener said: "I am glad to be able to send you the largest return I have yet had for one week. Since Aug. 5 the columns report 39 Boers killed and 20 wounded, including Commandant Moll, dangerously; 685 prisoners, including Wolmarans, late chairman of the first volksraad; 85 surrenders, including Commandant Devilliers, and the capture of 24,400 rounds of ammunition, 754 wagons, 5,580 horses and large quantities of stock. Most of the capture were made in Orange River Colony."

Kelly Mansion Looted.

NEW ROCHELLE, N. Y., Aug. 13.—A $5,000 robbery has been reported to the police by Mrs. Edward Kelly of Premium Point, on Long Island sound. Mrs. Kelly is the widow of Commodore Edward Kelly of the New Rochelle Yacht club, who died a few weeks ago just on the eve of an entertainment which he had arranged in honor of Admiral Schley. There were not even enough knives and forks left for the family to use at breakfast, and Mrs. Kelly had to send to New Rochelle and buy a set.

New Gold Discovery.

HELENA, Mon., Aug. 9.—An old fashioned mining stampede to the Big Snowy mountains has been started by the discovery of rich gold bearing copper and sand carrying free gold. It has practically depopulated several towns along the Montana railroad and is constantly drawing more people to the scene of the new discovery. The first information of the movement was brought to Helena by Lewis Penwell, assistant county attorney.

Americans Tried For Looting.

VICTORIA, B. C., Aug. 14.—News was brought by the steamer Olympia of the trial of three Americans, James Winn, Alfred Plant and Richard Leslie Butler, who, it is alleged, looted a Chinese pawnbroker's store in a village about 30 miles from Peking on June 25. The case was tried at Tien-tsin before United States Consul Ragsdale and was still in progress when the Olympia sailed.

The Parnell Monument.

BOSTON, Aug. 14.—A letter received by friends of Hon. John E. Redmond, M. P., states that the Parnell memorial monument will be made by Augustus St. Gaulens, the sculptor, at a cost of $40,000, the work to be done in five years.

DANGER IN SIPHON BOTTLES.

Those Used for Effervescent Drinks Are Under Heavy Pressure and Liable to Explode.

Few persons realize, when they are handling an ordinary siphon bottle, what a dangerous thing it really is. The siphon bottles commonly used for vichy, soda water and other efferescent drinks are generally charged with a pressure of from 130 to 150 pounds to the square inch, says the Chicago American.

That means, in plain language, that if a bottle so charged is allowed to slip from your hands, if only for a few feet, the jar is liable to cause a dangerous explosion.

By the exercise of a small amount of care in the handling of the siphon, however, it will be unnecessary to exclude it from the house. Many accidents might be averted if the fact that siphons won't stand any sudden jar nor extraordinary exposure to heat, nor even any sudden change of temperature, would only be remembered.

Never grasp the cold bottle with the hand, as the sudden change in temperature thus produced is even more liable to cause an explosion than a sudden jar.

So dangerous are these siphons considered by the courts, if handled carelessly, that they always hold the bottler responsible for any damage caused by the explosion of one of them if even the smallest defect in the making of the siphon can be shown.

Do not keep your siphons near the range, as the heat is liable to burst them, and when not in use, the best place for them is the ice box. When empty, the siphon is, of course, harmless.

Impartial.

Tess—I never see Miss Spinner out wheeling that Mr. Wheeler and Mr. Sprockett are not with her.

Jess—Yes, she's got them both on her string. The girls are calling her "Miss Tandem."

Tess—But she rides an individual wheel.

Jess—Yes, but she has a "bicycle maid for two."—Philadelphia Press.

How Customs Vary.

She—In some parts of Australia when a man marries each of the bride's relatives strikes him with a stick by way of welcome into the family.

He—Yes, and in many parts of America when a man marries each of the bride's relatives strikes him with a loan by way of welcoming him into the family.—N. Y. Times.

A Great Artist.

Miss Shoddie—Why, maw, just come to this side of the room and look at that portrait of paw that Dauber painted.

Mrs. Choddie—I see the face looks sort o' greasy. That shows what a great artist Mr. Dauber is. Your paw sot for that picture in August.—N. Y. Weekly.

New Insurance Law.

Governor Stone has approved the new insurance law. It provides for closer and better regulations and supervision of insurance companies, incorporated for the purpose of insuring upon the mutual principle against injury, disablement or death, resulting from traveling or general accident resulting from the pursuit of any trade or employment and against injuries of any nature whatsoever causing loss, damage or inability. In order to give the insured greater guarantees than they have had under existing laws, which very often proved entirely worthless, the new act compels insurance companies, except mutual companies, doing only a purely personal accident and health business to accumulate and maintain a reinsurance reserve or emergency fund equal to one-half the premiums on all 1 year to run and a pro rata proportion of all premiums received on risks that have more than one year to run, according to the time of expiration of such risks and said funds shall be known as the "reinsurance reserves." The bill provides that it should be unlawful for such insurance corporations to issue any policy or renewal receipt upon which said corporation may be liable in excess of the sum of $10,000 on any one accident, and it shall be distinctly stated and expressed in all policies that the entire liability thereunder of said corporation is by the terms of the act restricted to $10,000 or any one accident. The provisions of the act do not apply to relief associations organized or formed by corporations for the exclusive benefit of their employees, nor to any fraternal association or order that does business under a ritualistic or lodge system and does not employ paid agents. It will afford the insured greater security than they had before. Too often have the insured discovered when too late that their insurance was worthless after years of payment. It wisely leaves untouched the many associations existing all over the State whose aim is not profit, but the actual relief of needy members.

Anthracite Market.

Opinion of Anthracite Operators.

During the past month there has been a fair degree of activity in the anthracite market. Dealers have advised their customers to lay in supplies at current prices and have themselves taken in all they can carry in stock. Throughout the East, and at tide points along the line, practically all needs for the early fall are covered and the only business to be expected between now and October is the current demand for immediate consumption and the Western movement. Whether these will absorb during the next three months as large a tonnage proportionately, as has been produced during the first half of the year is yet to be learned. The firm stand taken in establishing a monthly scale of prices has changed the order of the buying movement, and how this will result in the fall is uncertain. Consumers whose storage bins are full will not begin to come into the market until their stock is nearly exhausted, as no advantage will be gained in prices.

The New Factory Law.

The new factory inspection act passed by the last legislature and approved by Gov. Stone on May 29th, widens the scope of the law and extends the jurisdiction of the inspectors. Section 6 provides that seats must be furnished for girls and women in all factories and mercantile establishments, the latter class of business places now coming under the law. Section 13 makes it obligatory upon the inspector and his deputies to inspect hotels, hospitals, schools, places of amusements etc., which are required to have fire escapes. It would be well for those concerned to post themselves upon the requirements of the act.

—The corn crop in Fayette county is being destroyed by the invasion of a new kind of a worm. It is a small white insect that looks perfectly harmless.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is at arrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CANADA CUP RACES.

Invader Wins Third and Last on a Foul.

CHICAGO, Aug. 14.—William Hale Thompson, Cadillac's skipper, presented Invader with the third race of the international yachting match for the Canada's cup by fouling the Canadian boat at the start in full view of the judges and most of the spectators.

Captain Jarvis of the Canadian yacht declined to fly his protest flag, but the judges steamed after Cadillac and notified Captain Thompson that they disqualified his boat, whereupon Cadillac was gibed around and left the race. Invader sailed over the course and was raced by Milwaukee, the Oshkosh boat that so hotly contested with Cadillac the honor of defending the cup, and the sailing match was followed all around the triangular course of 21 nautical miles by the usual fleet of steam and sailing yachts. Invader beat the Oshkosh boat handsomely at all points of sailing in a light wind.

Captain Jarvis said after he got ashore that he felt no satisfaction in getting a cup race in this way, but that he was pleased that his boat had had an opportunity to beat Milwaukee.

Judge Warner, speaking officially, gave it out that the unfortunate incident was Captain Thompson's own fault and that the judges had no course left open but to disqualify the Cadillac.

CHINESE PROTOCOL.

Cereals and Flour Placed on the Free List.

WASHINGTON, Aug. 13.—The state department has received a cablegram from Commissioner Rockhill at Peking reporting that the draft of the final protocol has been agreed upon.

A tariff of 5 per cent ad valorem, effective, will be put in force two months after the signing of the final protocol, excepting on goods shipped within ten days after signing, and will continue until the conversion to specific rates has been effected by the expert commission.

The Chinese free list will include rice, foreign cereals and flour, gold and silver bullion and coin.

Mr. Rockhill's advices that cereals and flour have been included in the free list of the new Chinese tariff is regarded as an important provision owing to the growth of American exports of wheat and flour to China. In 1899 these amounted to $2,298,033, which was almost double the shipments of the preceding year. The trade has continued to increase, and the Pacific coast interests have looked forward to supplying China with a considerable part of her consumption of wheat and flour, most of which heretofore has gone from Atlantic ports around the Horn.

New Mayor of Cienfuegos.

HAVANA, Aug. 13.—The ayuntamiento of Cienfuegos, in the presence of the civil governor of Santa Clara, has elected a new mayor, Senor Esquerra, to succeed Senor Vieta, who ceased to be mayor owing to his refusal to obey order 156, which places the police in the regular civil service. Senor Vieta had dismissed the police and had refused to carry out the order of the military government directing him to reinstate them and to comply with order 156. The new police are being enrolled from among those dismissed by Senor Vieta. Their number will not be so large, as the municipality now pays the cost of the police and cannot afford a force so numerous as the former force, the expense of which was maintained by the state.

To Succeed Admiral Sampson.

WASHINGTON, Aug. 13.—The navy department has selected Rear Admiral Mortimer L. Johnson, now in command at the Port Royal naval station, to succeed Admiral Sampson in command of the Boston navy yard when the latter officer shall retire. The formal appointment has not been made, as it is not known how soon Admiral Sampson may wish to be relieved or whether he will wait until his retirement from the service next February.

Illinois Town Burned.

CHAMPAIGN, Ills., Aug. 10.—The business portion of Rantout, a town of 3,000 people, has been destroyed by fire. Telegraphic communication was cut off almost at the beginning of the fire, and details are lacking. The fire started in a grain elevator. The Illinois Central depot burned next, and the flames spread to the business section. Among the buildings destroyed were the postoffice, railroad station, Masonic temple, a new hotel and the Opera House; also both newspaper offices. The loss will exceed $100,000, and the insurance will fall far short of that.

Mr. Nation Wants a Divorce.

MEDICINE LODGE, Kan., Aug. 10.—David Nation, through his attorney, has brought suit for a divorce from his wife, Mrs. Carrie Nation, the temperance crusader. The petitioner, who is now visiting in Iberia, O., alleges that his wife held him up to public ridicule, neglected her family duties and abandoned his home.

Dr. Martin B. Cleveland Dead.

JACKSONVILLE, Fla., Aug. 10.—Dr. Martin B. Cleveland, aged 66, said to be a first cousin of ex-President Cleveland, is dead at South Jacksonville. He was born in Masonville, N. Y., and came here from Chicago 20 years ago. He was formerly well to do, but lost much by poor investments.

One Thousand Houses Destroyed.

LONDON, Aug. 12.—According to a dispatch to The Daily Mail from St. Petersburg, in the recent conflagration at Witebsk 1,000 houses were destroyed and 130 lives lost. The prison there was burned, and many prisoners perished.

King Edward Leaves Berlin.

BERLIN, Aug. 14.—King Edward left last night for Homburg, and Queen Alexandra started by special train for Hamburg, where she will embark on the royal yacht Osborne, which will proceed to Copenhagen.

CONDENSED DISPATCHES.

Notable Events of the Week Briefly and Tersely Told.

The Duke and Duchess of Cornwall have reached Durban.

The town of Farsund, Norway, was nearly entirely burned.

Ware and Wright won the doubles in tennis at Newport, R. I.

The steamer Humboldt brought $500,000 in gold from Alaska to Seattle.

A local train on the Missouri, Kansas and Texas was held up near Caney, I. T.

The remains of Dowager Empress Frederick were interred in the mausoleum of Friedenskirche, near Potsdam.

James E. Bedell, sentenced in 1888 to 25 years and 4 months in Sing Sing for having stolen $296,880 from a New York law firm, has been pardoned by Governor Odell.

Helen Potts Hall, who claims the entire estate of the late George Francis Gilman, the millionaire tea merchant, obtained from Justice MacLean in the supreme court a decree of absolute divorce from her husband, Blakely Hall.

Tuesday, Aug. 13.

Destructive forest fires in Washington state were reported.

The cup challenger Shamrock, in good condition, anchored off Stapleton, N. Y.

The office of the Atlantic Coast Electric railway at Allenhurst, N. J., was robbed of $2,000.

A bookkeeper's errors made the George H. Phillips company appear worse off than it really was by $134,000.

Governor Odell sent his private secretary for a copy of the confession of police corruption in New York city made by Edgar A. Whitney.

Wardman George Bissert was sentenced in New York city to five years and six months' imprisonment and a fine of $1,000. His lawyers secured a stay.

Monday, Aug. 12.

Tilly Haynes, one of the best known hotel proprietors in the east, died at the United States hotel in Boston.

The Leak Fur Manufacturing company's mill at Gloverville, N. Y., was totally destroyed by fire, causing a loss of $30,000; insurance, $20,000.

At Bennettsville, Ga., Jim Harris, a negro, was lynched for the murder of Captain Amos Carter, captain of a chain gang in which Harris was serving.

The steamer Sarah, one of the largest on the Yukon river, was seized at Dawson by the authorities on the charge of bringing in liquor without a permit.

Alexander Thomas Ballantyne, the inventor of the icemaking machine and the method of increasing the flow of oil wells by exploding torpedoes in their depths, died in Cleveland. He was 66 years old.

The remains of Baron von Ketteler, the minister of Germany who was murdered at Peking at the outbreak of the Chinese troubles, were buried in Muenster, Westphalia, after the celebration of a requiem mass.

The gold bars, amounting to $280,000, stolen from the strongroom of the Selby Smelting works near San Francisco during last Monday night have been located, and most of the precious metal was recovered. The suspect, Jim Winters, confessed.

Saturday, Aug. 10.

Mrs. Carrie Nation has been released from jail at Topeka.

Prince Albert of Belgium had a narrow escape from death in a motor accident.

A Southern Pacific train fell through a bridge over Keith Lake bayou, Texas.

France has given Turkey until Aug. 15 to answer a note on the Quay company claims.

Baron von Ketteler's body has reached Bremerhaven on the German steamer Palatia.

Secretary Long has started for Buckfield, Me., to attend the "old home week" exercises.

George H. Phillips, the Chicago grain operator, says his firm will pay its customers in full.

A delay is reported at Peking due to the British objection to the commission to revise the tariff.

The battleships Massachusetts, Alabama and Kearsarge are to be equipped for wireless telegraphy.

Gianotte, the Paterson (N. J.) anarchist, is reported to have confessed at Rome his complicity in King Humbert's assassination.

Friday, Aug. 9.

Count von Waldersee has reached Hamburg.

The Duke of Cornwall has left Port Louis for Durban.

Vermont day was celebrated at the Pan-American exposition.

Followers of Dowie, the faith healer, were mobbed in South Chicago.

American jockeys took four out of the seven races at the Brighton meeting.

Forty persons were injured in the collapse of a grand stand at Paisley, Scotland.

Unsuccessful Oklahoma home seekers have asked that three more reserves be opened.

Chief Moore has decided to inspect Yellowstone park, and he may establish a weather station there.

Thursday, Aug. 8.

The Constitution was again placed in commission at Bristol.

The German antarctic expedition is to sail from Kiel Aug. 11.

The Reading railway shop hands' strike is reported to be practically over.

Encke's comet was rediscovered by Professor Wilson of Northfield, Minn.

Andrew Carnegie has been invited to become lord rector of Aberdeen university.

The British garrison at Kashmirkar, northwest India, has been forced to surrender arms to Mahsud tribesmen.

Anaconda Defeats Joe Patchen.

NEW YORK, Aug. 14.—Anaconda defeated Joe Patchen in the match pacing race, the feature of the opening day of the meeting at Brighton Beach. He easily beat Patchen in two straight heats. The big free for all trot, for which a $10,000 purse was offered, was captured by Lord Derby, while Captain Sphinx won the honors in the 2:12 pacing event.

Big Fire at Carrier, Pa.

DUBOIS, Pa., Aug. 13.—The large sawmill and planing mill and 50,000 feet of lumber owned by R. L. Buzard at Carrier, near here, have been destroyed by fire. The loss is between $55,000 and $60,000 and the insurance small.

Mr. Gage Buys Bonds.

WASHINGTON, Aug. 14.—The secretary of the treasury has purchased $10,000 short term 4 per cent bonds at 113.1045 and $1,020 threes at 108.4444.

Entirely with the Lord.

The pastor of a negro church in a rural district put up this petition recently:

"Lawd, ef you thinks we hez had rain enough, please tell de rain ter quit rainin', but ef you don't think we's had enough, please fergive us fer lookin' grum, en growlin'!"—Atlanta Comstitution

Equal to the Occasion.

Miss Jones—Professor, do you dare to look me in the face, and then say that I originally sprang from a monkey?

Professor (a little taken back, but equal to the occasion)—Well, really, it must have been a very charming monkey.—Tit-Bits.

Worse and Worse.

Minks—My wife no sooner reaches Florida than the doctor there orders her north, and as quick as she gets home our doctor here orders her back to Florida.

Jinks—Hum! I see how it is. The railroad combine has consolidated with the doctors' trust.—N. Y. Weekly.

Looking Forward.

"I hope to see the time when there is no money in politics," said the ardent youth.

"Well," answered Senator Sorghum, gravely, "when that time comes we'll simply have to go into some other business."—Washington Star.

All Making the Best of It.

"Young Smiggins was so troubled about his debts that he joined a don't-worry club."

"Yes?"

"And he found its membership made up chiefly of the men he owed."—Brooklyn Life.

Her Position.

"Henrietta," said Mr. Meekton, sentimentally, "do you ever regret having married me?"

"Regret it? Of course not. I never notice it."—Washington Star.

Teething

Then the baby is most likely nervous, and fretful, and doesn't gain in weight.

Scott's Emulsion

is the best food and medicine for teething babies. They gain from the start.

THE COLUMBIAN.
ESTABLISHED 1866.
THE COLUMBIA DEMOCRAT,
ESTABLISHED 1837. CONSOLIDATED 1869
PUBLISHED EVERY THURSDAY MORNING,
At Bloomsburg, the County Seat of Columbia County, Pennsylvania.
GEO. E. ELWELL, EDITOR.
D. J. TASKER, LOCAL EDITOR.
GEO. C. ROAN, FOREMAN.

TERMS:—Inside the county $1.00 a year in advance; $1.50 if not paid in advance. Outside the county, $1.25 a year, strictly in advance.

All communications should be addressed THE COLUMBIAN, Bloomsburg, Pa.

THURSDAY, AUGUST 15, 1901.

The Democratic State Convention is on at Harrisburg today. Some of the local party workers are in attendance.

Mrs. Carrie Nation, the notorious western saloon smasher is at Atlantic City this week. She is now daily expounding her views on the subject of divorce.

In the opinion of the Lancaster *Intelligencer*, the man who created a sensation Tuesday by plunging to death in Newark bay, shouting: "I'm a bad man," told the truth. It then continues and says that a man with a good heart and sound conscience is not the man to commit suicide. Sometimes an honest man, under sudden and overwhelming affliction, may take his life in a fit of temporary insanity; but the suicide is generally a knave or a fool; and most pitiful of them all is he who thinks he is doing something heroic, for suicide is the badge of cowardice, and has been aptly described as being as easy and commonplace as going to bed.

THE STATE CONVENTION.

The delegates are nearly all on the ground, and prominent Democrats from all over the state are here. Those from Columbia county, besides the delegates, are: Hons. A. L. Fritz, William Chrisman, Fred Ikeler, Ex-Sheriff W. W. Black, John K. Miller, T. J. Vanderslice, Russel Karns, John G. McHenry, Chairman C. A. Small, Geo. E. Elwell. The delegates are W. H. Henrie, J. K. Sharpless, J. C. Wenner, J. K. Bittenbender, W. P. Zehner. The present indications are that Judge Yerkes will be nominated for Supreme Judge, and a Democrat will be put on the ticket for State Treasurer. There will be no fusion. That may or may not be a mistake. The result in November will tell. The Ryan-Donnelly organization will be admitted to the convention after a bitter fight, and the young Democracy of Philadelphia, headed by Judge Gordon, will be turned down. This may or may not be another mistake. Not much will be done before Thursday afternoon. Chairman Creasy is a busy man, and has a great responsibility on him.

G. E. E.

BRIEF, BUT TO THE POINT.

Must Not Sell Cigarettes to Bous Under 16 Years.

A new state law that is of importance to those selling tobacco was signed by the governor recently, and is as follows:

Section 1. Be it enacted, etc., That no person or persons shall sell tobacco, in any form, to any person under the age of 16 years.

Section 2. That no person or persons shall, by purchase, gift or other means, furnish tobacco, in any form, to a person under the age of 16 years.

Section 3. Any person violating the provisions of this act shall be guilty of a misdemeanor, and upon conviction shall be sentenced to pay a fine not exceeding $100, or to undergo confinement in the county jail for a period not exceeding 30 days, or both, as the court may determine.

Section 4. All acts or parts of acts inconsistent herewith be and the same are hereby repealed.

WASHINGTON.

From our Regular Correspondent.

Washington, Aug. 12, 1901.

Teddy Roosevelt's Presidential boom arrived in Washington last week. It was brought by republican members of ths Kansas Congressional delegation, who declared that the Kansas republicans were for him and intended to do everything they could to get him nominated. When it is considered that the administration is dead opposed to Roosevelt and that those Congressmen were in Washington asking administration favors, it will be seen that they had their nerve along with them. It is true that none of the big guns of the administration were in town, and that the small fry, such as assistant secretaries, were afraid to tell those Congressmen that they were treading on forbidden ground, but the telegraph lines were in good working order and some of them found it out before they left, and they will probably hear more about it before their applications for administration favors are acted upon. Long before 1904, it will be a sure way for a republican to get on the administration blacklist to declare himself in favor of Roosevelt's nomination. There is no longer any doubt that there is a Roosevelt machine and that it is working for strength in the South and West, ignoring New York, where the Platt machine makes it impossible for Roosevelt to hope to control the delegation. Roosevelt's friends are pointing out that Cleveland was nominated in 1892, although the New York delegation was pledged to Hill.

* * *

Rear Admiral Robley D. Evans—"Fighting Bob"—was last week furnished by the Navy Department with copies of the two letters written by ex-Senator and exSecretary Chandler, complaining of the manner in which he and his administration of the Navy Department are treated in Admiral Evans' book, "A Sailor's Log," and he has gone out of town for a few days, during which he will decide whether he will ask for a Court of Inquiry, or let Chandler ao ahead and try to force the Navy Department to order a court martial. Before leaving Washington Admiral Evans said: "I have no idea of falling into Mr. Chandler's trap by entering upon a newspaper discussion of his letters. I will only say that the only relations between Mr. Chandler and myself are those of private citizens. He is not my superior, and I would not take any orders from him. If he has charged me with conduct unbecoming an officer and a gentleman, well——". As Admiral Evans abruptly ended and turned on his heel there was an expression on his face that was anything but loving. Admiral Evans but touched upon the dirty politics of Chandler's rule over the Navy Department, only referring to his personal experience, in his book, when there is material enough of the same sort, and worse, easily accessible, to fill several books. Chandler's whole political life has been that of an unscrupulous partisan who never forgot his own interests. Consequently he is a rich man, but he is likely also to be a sorry man before "Bob" Evans and his friends get through with him.

* * *

Comment is being made on the marked discrepancy between the number of Filipinos who have been captured or have surrendered and the number of rifles. In an official document issued by the War Department this week the total number of Filipinos captured and surrendered is given as 41,029, while the total number of rifles surrendered and captured is only 1,212. It cannot be that 41,029 Filipinos were fighting with only 1,212 rifles. And if the surrendered Filipinos have secreted their rifles it indicates that they expect to have use for them again.

* * *

It is now said in Washington that Senator McLaurin's reward for trying to organize a white man's republican party in South Carolina, in addition to the control of the Federal patronage of the State, is to be a seat on the Federal bench for himself, after his term in the Senate ends.

* * *

If the stories alleging that President McKinley has been convinced by the popularity of Admiral Schley that he has been greatly maligned by the Sampson clique in the Navy Department, and that it was by his express orders that officers who could be depended upon to give Admiral Schley fair play were selected for members of the Court of Inquiry, be true, there is one thing more that he should do in the interest of fairplay, and that is to get a new Secretary of the Navy. Secretary Long has been notoriously anti-Schley from the beginning of the trouble, and it is an open secret that he will leave no official stone unturned to convict Schley of having disobeyed orders, as a failure to secure such conviction will be practically a verdict of marked unfairness against himself. Howison, the new member of the court, has been a Sampson partisan, if he is not now.

* * *

Senator Stewart, who has been on all sides of every question and who just now calls himself a republican, was in Washington this week, whooping things up for Senator Hanna, whom he declared to be the logical republican candidate in 1904. If he and the other Hanna shouters can only swell Hanna's head sufficiently to make him grab the nomination for himself, instead of putting up a figurehead who will be under his control, they will do the democrats a great favor. With Hanna for the Republican candidate the democrats could elect anybody on any platform, or on no platform except opposition Hannaism and all it stands for.

Economize Time at Buffalo.

How to Get Five Days of Sight Seeing at Pan-American into Three.

Those who attend Expositions often complain of the loss of time entailed in going to and fro between their hotel and the grounds, and would often spend more time and money in the Exposition, if opportunity offered. Travelers who intend visiting the Pan-American this year at Buffalo, however, need have no trouble on this score. The Exposition is fortunate on having right beside it a building which is in itself an object of intense interest, and one of the sights of Buffalo—we refer to Statler's Hotel on Elmwood avenue, overlooking the grounds. This wonderful building, although only three stories high, contains over 2100 rooms and can accommodate over 5000 guests. Its dining room will seat 1200 people to a meal without crowding and so perfect is the organization, management and equipment that parties of excursionists, often numbering into the hundreds, are taken in and furnished with accommodations without creating so much as a ripple of excitement. From its towers and terraces a magnificent view is to be obtained of the whole panorama of the Pan-American, while the scene at night of the illumination of the grounds as viewed from Statlers's will never be forgotten.

The erroneous impressions so frequently fostered by runners, etc., on trains and elsewhere about the difficulty of obtaining accommodations and paying fearful prices for them can all be thrown to the four winds of Heaven, for Statler's can give you a clean, comfortable room with breakfast and evening dinner for $2.00 and $2.50 a day, and guarantees to take good care of all who come. For those who do not care to board at the hotel, good rooms may be obtained at $1.50 per day, and firstclass meals at 35 and 50 cents each may be enjoyed at Statler's down-town restaurant in Ellicott Square. Statler's, therefore, is a valuable adjunct to the Exposition and intending visitors by availing themselves of its conveniences can save themselves both time and money, and greatly enhance the pleasure of their trip.

The third annual exhibition of the Lycoming county fair will be held on the commodious and beautiful grounds at Williamsport, commencing Tuesday, September 3, and ending Friday, September 6, 1901. The management are determined to make this year's fair better than any ever held in the West Branch Valley and one that will please the most critical or fastidious taste. The racing will be greatly improved and numerous attractions have been secured. The races will far excel anything of the kind that has ever been undertaken anywhere this side of Philadelphia. Four stake purses of $1000 each, beside the regular $400 purses for open races, will be offered.

BLOOMSBURG NORMAL SCHOOL PAN-AMERICAN EXPOSITION, TUESDAY, AUGUST 20.—Special train of vestibule coaches and parlor car. For full particulars inquire at Philadelphia & Reading Railway Ticket Office.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure E. W. Grove's signature is on each box. 25c.

Dragged-Down Feeling

In the loins.
Nervousness, unrefreshing sleep, despondency.
It is time you were doing something.
The kidneys were anciently called the reins—in your case they are holding the reins and driving you into serious trouble.

Hood's Sarsaparilla

Acts with the most direct, beneficial effect on the kidneys. It contains the best and safest substances for correcting and toning these organs.

LATE STATE NEWS.

—While crossing the railroad tracks at Lock Haven Monday, Mary Cafferty was struck by a train and killed.

—During a severe electrical storm Saturday, Mrs. Harvey Comptom and her daughter, Miss Verna, of Scranton, while sitting together in a house at Long Ridge, were instantly killed by a lightning bolt.

—Mrs. Catharine Fahey, of Wilkes-Barre, died Saturday night, aged 101 years. She was born in County Mayo, Ireland, and came to this country twenty years ago. Two weeks ago she was taken sick, for the first time in her life. Until then she had retained her eyesight and hearing and strength.

—Lightning played a most singular prank at the residence of John Bonnell, in Jersey Shore, Saturday. A bolt struck the chimney and, going down the kitchen flue, tore Mrs. Bonnell's right shoe from her foot and hurled it clear across the room. Aside from a light shock Mrs. Bonnell was uninjured.

—In his talk on "Education" at the closing session of the Delaware district of the Jersey Conference of the C. M. E. church at Chester, Saturday, the Rev. F. E. Williams, a delegate from Chester, predicted that within the next 100 years a city would be built in the air. This prediction stirred up the conference.

—Apple growers in the vicinity of Waynesboro are having a rich harvest. Within the last few days they have sold 10,000 bushels to a Philadelphia wholesaler. The prices paid were $1.75 per barrel for picked apples and $1 for dropped apples not cut. These prices are high and every grower is trying to sell.

—Bishop Rudolph Dubs, of Chicago, preached twice Sunday at the United Evangelical camp meeting at Catasauqua, and raised $1200 in money for missionary purposes. Over 6000 persons were on the grounds in the afternoon. The camp is the largest ever held by the United Evangelicals, over 160 tents being rented.

Silk Mill Excursion.

The third annual excursion and picnic of the employees of the Bloomsburg Silk Mill will go to Edgewood Park, near Shamokin, on Saturday, August 17, 1901.

Free dancing will be one of the features of the occasion, the committee of arrangements having secured one of the finest orchestras that could be had.

A beautiful park, with large platform, elevated seats and swing.

There is a cafe on the grounds that will furnish meals at 25 cents, and a hotel near the grounds that will furnish meals at 35 cents.

There is a shooting gallery on the grounds, a merry-go-round, splendid boating on the lake, pure mountain spring water, and plenty of nice shade. Room unlimited, the park being located in a forest of 80 acres of Virgin timber. We feel sure you will be delighted with the park and will make special preparations to make the visit a pleasant one for you.

The basket committee requests that all baskets be properly marked.

Fare: Round trip, $1.10; children, 60 cents, including trolley fare.

Everybody invited.

Trains leave Phila. & Reading Depot 7:15 a m. Leave Shamokin Park 6 p. m. Trains will stop at Grovania and Danville.

Ocean Grove Excursion.

Thursday, August 22d, is the date of the annual Ocean Grove excursion via Philadelphia & Reading Railway. Tickets will be good going on train leaving Bloomsburg at 7:10 a. m, arriving at Ocean Grove at 4:15 p. m. Returning, tickets will be accepted on any regular train until Saturday, August 31, inclusive. Stop-off allowed at Philadelphia returning, within time limit of ticket. Round trip rate from Bloomsburg, $4.50.

Town lots for sale, on easy terms. Bloomsburg Land Improvement Co. Inquire of Sanderson Woods, sales agent. N. U. Funk, Sec'y. Office, Ent Building. (4 25

Must be sold to make room for Fall Goods. Call and see for yourself that the right place to buy your clothing is at

Townsend's
Clothing House.

Our Great Mid-Summer

Clearance Sale!

Will begin Thursday, July 18.

We will not weary you with a long introductory as to the importance of this sale, but simply say to you, now and here, that the sole object of this bi-summer selling is to dispose of all surplus seasonable merchandise, and to that end we have carefully gone through each section and so reduced prices that there can be no mistake about the bargain nature of the occasion. Of course, a week of such selling, at such prices, means a present money loss, but what matters that when we gain a two-fold object: We clear our shelves for the autumn stocks, and at the same time give our public a buying benefit that they will appreciate. Just a short time this sale lasts, and it will make a record for itself if money-saving plays a part in your buying economy.

Muslin.
10 yards of Unbleached Muslin, the kind we have sold at 7c a yard, at 49c.
10 Yds. of Bleached Muslin, not the kind that is full of lime, at 52c.
10 Yds. of Bleached Muslin, same quality as Hill's, at 69c.

Shirt Waists.
All our this season colored Shirt Waists, that sold from $1 00 to $1 75, reduced to 75c.
A lot of $1 00 and $1 25 Shirt Waists reduced to 39c.

Ladies' Muslin Underwear.
Odd lots of soiled or mussed Underwear, one-fourth to one-third off.
10 per cent. discount off of all the other Ladies' Muslin Underwear.

Ladies' and Misses' Shoes.
A lot of Ladies' and Misses' Shoes, not all sizes, most of them 2½ and 3 size, but good goods at 49c a pair.
A lot of Oxford Ties, most of them 2½ and 3 sizes, reduced to 49c.
10 per cent. discount on all our regular shoe stock.

Most Pronounced Reduction In Stocking Prices.
12½c Misses' Hose reduced to 9c a pair.

Lawns and Dimities.
All our Lawns and Dimities at 10c per yard. A great many we sold at 20, 22 and 25c. We don't want to carry any over.

Parasols.
Our whole stock of Parasols reduced at least one-fourth in price.

A Lot of Dress Goods At Half Price.
15 pieces of Dress Goods worth 50 to 56c. per yard, reduced to 25c. White Pique Silks at half price.

Light Silks.
A lot of Silks most of them sold at 50 and 60cts. per yard, but we want to close them out so we cut the price to 25c. per yard.
A Lot of Summer Corsets at 23c.

Remnants.
Our stock has been gone through and the remnants have all been taken out and marked at a price to sell and we have not considered cost.

F. P. PURSEL.

It may not be generally understood that farmers who maintain ground watering troughs will be allowed $2 per year on their tax. When the troughs are high enough so that a horse can drink without being unreined a reduction of $4 is allowed.

THE COLUMBIAN.

BLOOMSBURG, PA.

THURSDAY, AUGUST 15, 1901

Entered at the Post Office at Bloomsburg, Pa. a second class matter, March 1, 1888.

Legal advertisements on page 7.

Plums have been quite plentiful in market this week.

Tobacco prospects in the west are the poorest in ten years.

For books, of all kinds, go to Mercer's Drug & Book Store.

According to weather prophets we are to have an early fall and winter.

Hammocks—many styles and many prices—at Mercer's Drug & Book Store.

George Appleman, of Rohrsburg, will import a car load of peaches next week.

For Croquet Sets, from 85c. to $2.25, go to Mercer's Drug & Book Store.

There yet remains less than a month's vacation for prospective public school students.

Envelopes, paper, tablets, box paper and all stationery, at Mercer's Drug & Book Store.

Stanley Stoudt's house in Sugarloaf township was struck by lightning Saturday and considerably damaged.

Base ball gloves, of all kinds, base ball bats, and all base ball goods, at Mercer's Drug & Book Store.

A Housekeeper's delight is perfect bread. Magic Yeast will always make it. A five cent package will raise 42 loaves.

G. M. Quick and family, C. B. Gunton and family and Daniel Kitchen and family are camping in E. M. Laubach's Grove near Forks.

The church choirs of town are doing very little rehearsing just now, but will begin the first of September when the pastors return from their vacation.

There will be a meeting of the School Board Monday evening, August 19, at eight o'clock. Teachers are requested to be present to sign contract.

Howe's Moving Pictures will make its appearance in Bloomsburg Dec. 13th. under the auspices of the Lutheran Y. P. S. C. E. Look for further announcements.

It seems as though everybody is going to the Silk Mill Employees picnic Saturday.

Get your panacea for your little chicks and lice powder to kill the lice, at Mercer's Drug & Book Store.

There has been a change in the schedule on the Lackawanna Railway. The afternoon train down is due here at 3:51 p. m., instead of 4:12.

Traffic on the Electric road was large on Sunday. The cars from the early part of the afternoon until late in the evening did a capacity business.

The Munn Wire Envelope is opened by pulling a wire at the bottom. It costs no more than he ordinary kind. They are for tale at this office.

J. T. Kramer, a merchant of Freeland, committed suicide Monday by shooting himself through the head. Financial difficulties are assigned as the cause of the rash act.

The Rescue Fire Company of the Fourth Ward gave a dance in Oak Grove Friday evening. The attendance was gratifying and the terpsichorean delights and phantasies were enjoyed till a late hour.

Farmers' Institutes will be held in Columbia county during the coming winter as follows: Jerseytown, February 10; Orangeville, 11 and 12; Catawissa, 13 and 14; and Bloomsburg, 15.

The Normal Excursion to the Pan-American Exposition will go next Tuseday. This is an excellent opportunity to visit Buffalo for a very small outlay of money. Particulars can be had from Prof. J. P. Welsh.

To make the best bread use the celebrated Magic Yeast. Nothing like it for producing a light, sweet, nutritious loaf of bread. It will retain its moisture and nutty flavor longer than bread raised with any other Yeast put upon the market.

Two men passed the COLUMBIAN building Tuesday evening evidently homeward bound. The writer caught just a fragment of the conversation as they passed. "What does your wife talk about?" asked the one anxiously of his friend. "About all night" answered the other sadly.

A new corporation, The Catawissa and Bloomsburg Street Railway Company with a capital of $42,000 and Grant Herring as president was officially recognized by the State Department at Harrisburg on Monday. A charter was granted the company to build seven miles of road.

W. H. Coffman who went to Norristown last week to play ball returned home Monday. Failure on the part of the scorer to give him proper credit for his work in a game Saturday caused a little tilt with the manager and he quit. He has concluded to remain home for the balance of the season.

The arrangements for the game of base ball between the New England Bloomer Girls and Bloomsburg have been made. The game will be played Tuesday afternoon next. It is to be hoped that the patrons will refrain from any unseemly or unbecoming conduct, and that the players shall be treated with all due consideration.

Joseph C. Kashner, of this town, and Miss Mary E. Applegate, of Iola, were married at Buffalo, N. Y., last Wednesday evening. The announcement of this union was quite a surprise to the friends of the young people. All extend felicitations. The couple were given a reception at the home of the grooms parents on East street last evening.

"A Drummers Good-Bye to His Wife," a song which for pure sentiment and sweet melody has no equal will make its appearance shortly.

Mr. and Mrs. Joseph Sands, Miss Margaret Casey and J. T. Tracey are camping along Fishingcreek above Light Street. They extend an invitation to their friends to visit them. It is not necessary to add that they will make it pleasant for all who may visit them.

The Electric Advertising Company, of Bloomsburg, Prof. J. H. Dennis, manager, has been awarded the right of advertising in the cars of the Columbia & Montour Electric Railway Company. Mr. Dennis is daily expecting a lot of lithographed samples, and as soon as they arrive our merchants will be given an opportunity to do some profitable and up-to-date advertising.

Relph Smoyer, an assistant in the freight station of the D. L. & W. Railroad, was taken to the Moses Taylor Hospital, at Scranton, Saturday, where he was operated on for appendicitis, on Sunday morning, the operation proving highly successful. He was taken ill on Wednesday previous, but a proper diagnosis of his case was not made until Friday. He is a son of Mrs. B. F. Hicks, of Sixth street.

The Greenwood School Board have elected the following teachers: Eyersgrove, George E. Dodson; Iola, Harry Eves; Pine Grove, Cora E. Wright; Greenwood, Laura Ruckle; Centre, Rebecca J. Moyer; Rohrsburg, advanced grade John Wolf, primary, Grace Montgomery; Chestnut Grove, Dana Girton; Albertsons, Leah Fullmer; Little Green Creek, Harry Hess. The schools will open Monday September 2.

The trolley car caused quite a combination of events below Espy Thursday morning. A party of gypsies stopped along the road to rest. In an open wagon one of the female contingent was holding fast to a strap fastened about the neck of a skinny-looking colt. The approach of the car frightened the colt, and it jumped, jerking the woman out against the fence, but she held fast to the strap. She voiced a few cuss words as the naughty trolley car went bowling off towards Espy.

A party of gentlemen from Orangeville consisting of Chief Burgess A. B. Herring, Councilmen J. B. DeLong, C. B. White, Geo. S. Fleckenstine, J. W. Conner, J. B. Montgomery, R. Tister and Perry Freas, Borough Solicitor Clinton Herring and Borough Engineer George Jones, came down Friday to inspect the trolley road. The party was conveyed to and from Lime Ridge on a special car by the contractors Scanlon & Co. All expressed themselves as being well pleased with the trip.

The Central Pennsylvania Telephone Company has made a big cut in the rate in this town. Every person having a phone placed in his business office or store will be given a residence phone gratis. This movement is to all appearances a premeditated one, made with a view of reclaiming some of the business now in possession of the new Company. It is not unlikely that this announcement will result in some still greater reductions for telephones.

A pocketbook, containing something over five dollars, mysteriously disappeared from a baby carriage in front of the Leader Company Store, on Market street, Monday morning. Mrs. William Quick, of William street, wheeled her little three-year-old daughter up to the side of the store, and placing her purse in the carriage, went into the store. When she came out the purse was missing. A young boy, who was observed running up an alley near by, was suspected, and Constable Miles Betz was sent after him. The boy denied the accusation and gave way to tears. He was allowed to go.

The game of base ball on Normal Field Friday afternoon was a pleasant surprise. The visitors after having the game in hand, became unbalenced and during the ten minutes error matinee, the Wheelmen scored five unearned runs. Barring this one inning Montgomery played good ball. The final score was 11 to 8 in the Wheelmen's favor. "Pop" Watts, our old favorite held down the third corner for visitors. He is a known star performer, but his work on this particular occasion was not overly brilliant. The Wheelmen journeyed to Montgomery Saturday for a return game. One inning was played during which Montgomery scored four runs when rain interfered.

PURELY PERSONAL

Miss Lizzie Moyer is visiting in Hazleton.

Stephen Reice returned to Philadelphia Friday.

Col. John G. Freeze made a trip to Danville Tuesday.

Miss Margaret Hendershott is visiting relatives in Philadelphia.

Geo. B. Hummer, of Jamison City, was in town Tuesday afternoon.

Mrs. R. D. Dent spent a portion of last week with friends at Danville.

James Scarlet Esq., of Danville, was noticed on our streets Tuesday.

Mr. and Mrs. Samuel Johnston, of Millville, left on Monday for the Buffalo Exposition.

Mr. and Mrs. S. S. Hoffa of Dushore are guests at the home of B. F. Zarr on East street.

Rev G. H. Hemingway will preach in the First Presbyterian Church, at Hazleton, next Sunday.

Mrs. Joseph Trethaway, of Scranton, is visiting her parents Mr. and Mrs. David R. Coffman.

Miss Bessie Richart is on a visit with relatives at Hughesville and Williamsport this week.

J. C. Brady, the well known Jamison City lumberman, attendeded to business in town on Friday.

S. F. Peacock and family returned home on Tuesday from Pottsville, where they had been visiting friends.

Mrs D. Z. Mensch, of Shickshinny, spent Thursday last with relatives in town. She returned home in the evening.

Mr. and Mrs. Warren Edgar, of Stillwater, spent Sunday with Mr. and Mrs. Geo. B. Hunt, on Third street.

Register and Recorder John C. Rutter, wife and family departed on Friday over the P. & R. for a weeks stay at Atlantic City.

Mrs. Luella Tracy, left for her home in Brooklyn yesterday after a pleasant visit with her sister Mrs. John Wolf on Market street.

Mr. and Mrs. C. H. Kline returned home Thursday from Saranac Lake, N. Y., where they were the guests of Mr. and Mrs. W. D. Beckley.

Rev. F. P. Manhart, who at one time served the congregation of St. Matthew's Lutheran Church, was a visitor with Catawissa friends last week.

Rev. J. D. Buhrer and wife, and Mrs. Buhrer's father, Charles Leinez, of Tiffin, Ohio, are being entertained by Rev. and Mrs. J. D. Thomas, on Third street.

Misses Grace Elliot and Jennie Sayres, of Shamokin and Millersburg, two popular young ladies of their respective places, are the guests of Miss Delia Geisinger, at Espy.

The farmers of this county and their friends were out in large numbers on Thursday last. The occassion was the annual picnic. The estimates as to the actual number of people who attended vary, but from one who always adheres pretty strictly to conservatism, we are informed that fully six thousand people were on the grounds. It was a large gathering and enjoyable in every way. Able addresses were delivered by Fred T. Ikeler Esq. and Hon. W. T. Creasy. Rev. Smith, of the Baptist church, this town also made a few remarks all of which were well received. In the afternoon many people accepted the invitation extended by the Penna. Copper and Mining Co. to visit their plant and all displayed great interest in the process of extraction.

THIN HAIR

Lots of people have thin hair. Perhaps their parents had thin hair; perhaps their children have thin hair. But this does not make it necessary for them to have thin hair.

One thing you may rely upon—

Ayer's Hair Vigor

makes the hair healthy and vigorous; makes it grow thick and long. It cures dandruff also.

It always restores color to gray hair,—all the dark, rich color of early life. There is no longer need of your looking old before your time.

$1.00 a bottle. All druggists.

"As a remedy for restoring color to the hair I believe Ayer's Hair Vigor has no equal. It has always given me perfect satisfaction in every way."
Mrs. A. M. STRAHL,
Aug. 16, 1898. Hammondsport, N.Y.

Write the Doctor.

He will send you a book on The Hair and Scalp free, upon request. If you do not obtain all the benefits you expected from the use of the Vigor write the Doctor about it.
Address, DR. J. C. AYER,
Lowell, Mass.

WORK ON SHAMROCK

Refitting New Yacht In Erie Basin.

BIG MAST PUT IN POSITION.

Challenger Will Soon Be Ready to Go Into Drydock For the Scraping of Her Hull—Novel Features of Lipton's Boat.

NEW YORK, Aug. 14.—Work went on admirably in the Erie basin yesterday so far as the fitting out of the Shamrock II was concerned. Early in the morning the gear which was utilized in the towing of the yacht over the ocean was sent ashore. At the same time the fore and aft rigging and the shrouds and backstays that held in position the sturdy lower mast and the stump topmast were sent down. In a little while the jury mast was ripped out of her, the thick and unwieldy spar opposing little or no obstacle to the machinery of the derrick. The spar was hoisted out of the challenger in almost magic time. It was dragged out of the mast step and landed safe and snug on the dock in a few minutes. The yacht without her mast looked as helpless as a sampan. A large crowd gathered. Some of its constituents were so curiously impressed that they sought to make rude and crude measurements of the mast.

The combination lower mast and topmast, which is the first of its kind to be used in a racing yacht, has caused much admiration among yachtsmen. There were only two occasions in the history of the battles for the America's cup when it became necessary to clew up and haul down topsails and eventually to house topmasts. Thus, while the Constitution and Columbia are each provided with a telescopic topmast that is supposed to come down deckward with more or less alacrity, the lower mast and the topmast on each of the above mentioned craft are always subjected to unusual stress and strain aloft. For instance, if a preventer backstay parts the sudden jerk might imperil the lower mast. The spreaders in the cup defenders, it is said, seem to be depended on too much. When one spreader breaks, the mast goes over the side. By such a contingency the America's cup may be either won or lost. The combined mast of the Shamrock II is constructed as nearly as possible after the model or design of the bamboo so far as that design could be carried out in imitation of nature.

The hollow spars were ready for shipment yesterday afternoon, and the great derrick Century, like a giant handling a toothpick, landed the enormous mast of the Shamrock on dry land. Then a crew of riggers, aided by a gang from the yacht, lent a hand. First the stout spreaders of teak and steel were placed in position. Next the steel wire stays that support the mast fore and aft and athwartships were got over the masthead. All this took time and trouble. The derrick answered to every signal. The massive mast slung about amidships by a heavy purchase was so controlled by guys and braces that its heel was compelled to seek its step with commendable promptitude. It was a seamanlike job, reflecting credit on all concerned. By 5 o'clock the mast was in position and was steadied temporarily by shrouds and fore and aft stays. When the mast is completely stayed, the Shamrock will take the place of Sir Thomas Lipton's steam yacht Erin in drydock and will have her hull scraped for the numerous impending trials.

The crew of the Shamrock slept last night aboard the big and handsome tender Porto Rico. They are ambitious and willing. All hands aboard the Shamrock II and the flotilla that exploits the green flag are confident of victory.

Lipton Confident of Success.

LONDON, Aug. 14.—The morning papers publish interviews with Sir Thomas Lipton, in the course of which he expresses himself as confident of the success of the Shamrock II and says he believes the Columbia will be chosen to defend the cup.

Duke of Cornwall at Durban.

DURBAN, Aug. 14.—The Ophir anchored at 7 o'clock yesterday morning, and the Duke and Duchess landed at 11 by the tender Panther. The Ophir, the convoying cruisers and a Portuguese cruiser lying in the harbor had their flags at half mast in memory of the Dowager Empress Frederick. The merchant shipping was decorated, but here also the flags were at half mast. The immense crowd on the block at the end of the harbor included Zulus and Indians as well as whites, and all cheered enthusiastically, the forts meanwhile saluting.

Dr. Meuchen's Massacre Avenged.

BRISBANE, Queensland, Aug. 9.—The German punitive expedition sent to avenge the massacre of Dr. Meuchen and other members of the first German south sea expedition on the cannibal island of St. Matthias landed from the German cruiser Cormoran near the scene of the massacre, killed 80 natives and captured 17.

Well Known Hotel Keeper Dead.

UTICA, N. Y., Aug. 12.—John R. Palmer has died at the Masonic home in his sixty-fifth year. He was well known to the traveling public in central and southern New York, having conducted hotels at Utica, Clinton, Norwich and Elmira. At one time Mr. Palmer weighed 347 pounds.

More Selby Gold Recovered.

SAN FRANCISCO, Aug. 13.—It was stated at the office of the Selby Smelting company that a force of divers under the management of the Pinkertons had taken $5,000 worth of gold from the spot where it was hidden by Winters, making $200,000 already recovered.

Cuba's Day at Buffalo.

BUFFALO, Aug. 14.—Cuba's day at the Pan-American exposition has been appointed for Aug. 29. Senor Don Tomas Estrada Palma will be here, and an invitation has been cabled to General Gomez to be present on the occasion also.

Protocol to Be Signed Tomorrow.

PEKING, Aug. 14.—It is expected that the protocol will be signed tomorrow. Yin Chang, formerly director of the Tien-tsin Naval school, has been appointed Chinese minister to Germany.

Devery Starts For Home.

SARATOGA, Aug. 14.—Deputy Superintendent Devery of the New York police department left here for New York at 5:25 o'clock last night.

ROMANCE OF A BANK BOOK.

Story of a Savings Account That Had Lain Dormant for Many Years.

The Bank for Savings, which is 82 years old, has the heaviest dormant account in New York, about $300,000, in which 2,000 accounts are tied up, reports the Press, of that city. Of these the ownership of about 200 are solved each year, and to this account are added about 50, which, after the lapse of 21 years without being touched, are entitled to enter the dormant class. But in these days the bank does not allow accounts to rest so long, and after ten years have elapsed a search is made and the depositors located. After that the bank keeps informed of their whereabouts each year. In 1819, the year when the bank first opened its doors, a church mission in New York made a deposit in the name of "Mission of Jerusalem." The amount deposited was small, but it was 61 years before that amount and interest was paid to the proper church authorities.

"One of the oddest cases which I have seen since I took hold of this work," says Mr. De Lisser, of the Bank for Savings, "was that of a colored girl who lived four miles from Jamaica. The pastor of the family while making a call one day saw the children playing with a soiled and torn bank book. They had scribbled over the leaves and were tossing the book about. No one in the family seemed to understand what the book was, and the pastor looking at it and seeing that it was one of our pass books, advised them to bring it to the bank. The girl, who was 17 or 18 years old, brought it to me, and on looking up the account I saw that it called for several hundred dollars, deposited by a woman who afterward proved to be the girl's grandmother. Eventually the girl got the money, and the incident, I thought, was closed. But several months afterward she came in and said: 'I was just goin' by, and I thought I'd drop in and tell you how much good that money did us. And, say, do you know, I've just been married on it.' And she left, beaming all over as I congratulated her."

COST OF A ROYAL KITCHEN.

The Immense Sums That Are Spent by the British Sovereign Every Year.

It is said that King Edward of Great Britain proposes to economize a little in his household expenses and will make a raid upon the costly royal kitchens in his palaces, says a London exchange. The one at Windsor is by no means the most costly. Nevertheless it contains nearly $10,000 worth of copper and $35,000 worth of silver and silver-plated utensils. George III. expended $30,000 upon the fittings, which are mostly of black oak, and apart from their historical interest have greatly decreased in value.

Soon after his accession to the throne the czar laid out $400,000 in remodeling and furnishing the imperial kitchens at the winter palaces, St. Petersburg. All the cooking utensils are of solid silver, and include 40 stewing pans, none of which could be purchased under $200 apiece.

The spice boxes are of solid gold, engraved with the imperial arms, and the ranges and ovens are edged with silver. The actual cost of building the kitchen was $120,000, the purest black marble being used throughout, and the decorations were responsible for an outlay of $25,000.

Among the cooking utensils should be mentioned 3,000 silver spoons and a gold gridiron that belonged to the great Catherine. The chief cook draws a salary of $40,000 a year, and he has subordinates in receipt of salaries ranging between $5,000 and $7,500, to say nothing of hundreds of supernumeraries. Altogether the czar's kitchen expends about $600,000 per annum.

HARSH-VOICED CANARIES.

They Are Not Allowed by German Experts to Stay with the More Promising Singers.

"Moulting is the crucial time for a canary's voice," writes Ida Shaper Hoxie in an article on "The Singing Village of Germany," in Ladies' Home Jornal. "Some birds lose the little that they have; others, of course, blossom out into promising singers. As soon as a harsh tone is heard, out goes that unfortunate bird, for promising singers must never hear a harsh chirp. When I asked what became of the unfortunates I was told by the fanciers: 'Oh, we sell them, of course. You know they can sing in a way, and many people don't know the difference between a good singer and a bad one.' My mind went back to a certain canary I had had to live with once in America! I wondered what percentage of these outcasts, who are huddled together in a cage out of hearing of the more favored birds and allowed to chirp as they please, go to America. One of the men who devotes all his time to the canaries allowed me to spend several hours among his birds. I sat a long while trying to analyze the exquisite sounds that came from a dozen tiny cages with closed fronts hanging high on the wall. I could have gone to sleep had I chosen—the trilling was so soft and sweet, not at all like the songs of the lusty-throated American birds."

A Delicate Trade.

The trade of artificial fly making is the lightest fingered business in the world, and it is not one man or woman out of 5,000 who can learn to tie flies. These flyers are remarkable for the beauty and delicacy of their hands, and only the cleverest of fingers can deal with the "niggling" work of knotting hairs that can hardly be seen.

THE MODERN MOSES.

That Is the Name Given by Many to Theodore Herzl.

Pen Picture of the Leader of Zionism, in Whose Vision Is Ever Present the Immortal Image of Israel a Nation.

A year ago, while I was drinking afternoon tea in a London drawing-room, there entered a tall, lithe man, with coal black hair, beard and mustaches, restless visionary eyes, and a nervous mouth, twitching with half sad humor. I did not know him, but he magnetized me immediately. I intuitively divined the intensity of his personal force, the rich radiance of his character, the passionate idiosyncrasy of his soul, says a writer in the London Star.

At that time Zionism was a mere shibboleth to me, one of the husks that are blown about the social and political highways. But the moment I saw this modern Moses, this practical prophet, Zionism became a vivid reality. For I recognized in him at once one of those apostles who work miracles by the power of their will and the empire of their egotism. At that time Herzl could not speak a word of English. After a few commonplaces he drifted away again, leaving me profoundly interested in his romantic genius. He had done nothing, said nothing, but he had been himself. Now, the man who can be himself in a drawing-room is rare. And this man's self was so bizarre, so disturbing, so strange, that I caught myself wondering at its persistence in my mind.

Well, the other day I met Herzl again in another drawing-room—the drawing-room of the Hotel Cecil. Here it was I who drifted in, and the first thing that disentangled itself from the rout of men and women was the old restless visionary gaze that had haunted me before. The Jewish leader was holding a kind of levee, with lyrical interludes in the shape of songs by his Hungarian compatriot, Mlle. Aurelia Revy, a young prima donna who has won golden praise with the Carl Rosa Opera company and at Covent Garden.

DR. THEODORE HERZL.
(Originator and Promoter of the Zionist Movement.)

I was astonished to find that Herzl had learned to speak English with wonderful fluency. Now and then he falls back on a charming Latinism (such as "avitate" for avoid), but he expresses himself with surprising lucidity. The dominant note in his idealism is his confidence. He has faith in his faith. He believes through walls of difficulty. And this imaginative prophet has in him a granite basis of common sense. He keeps his visions well in leash, and prefers to talk of the hard, practical side of his vast scheme for leading the people of Israel back to the promised land.

It is a potent force, this new pride of race which Herzl has rekindled. I was struck by the passionate energy with which he and his comrades protested against the injustice of judging the Jews by their black sheep. The core and heart of the Zionist movement is its canonization of the Jew as a Jew, its glorification of the Jew's historic heritage, its call to the Jew to emerge from his subterranean hiding places and to stand before the world as a racial unity. Zangwill put this all in a parable. "The Jew in the past," he said, "has acted like the ostrich. He has buried his head in the sand, with the natural result that the world has been tempted to kick the most prominent part of his anatomy. Some influential Jews prefer to continue these tactics. But we think the time has come to stand erect."

And as Mlle. Revy sang some of her own wild Hungarian folksongs I could not help thinking that there is more dynamic force in this Jewish renascence than the Gentile imagines. For the Jews, above all races, are idealists. If this great ideal took fire and blazed through their ranks, who shall say where it would end? But the men who are organizing it are prudent. Herzl deprecates wild and nebulous aims. He prefers to keep the movement on the practical line of an agricultural and industrial colony. Yet, in his restless visionary eyes there is a loftier dream, a more splendid conception, the immortal image of Israel a nation, and not the least of the nations of the earth.

Chance for Medical Men.

A queer organization in New York is the National Locomotor Ataxia league, which offers $10,000 for the discovery of a cure for the disease.

City Tax on Hen Coops.

New Haven's board of health has voted that hen coops kept in the city must pay a license. The rooster that crows at 3:30 a. m. is responsible.

To put the brake on the wagon going down the hill is a help to the horse, when the wagon is heavily loaded. But what driver would think of applying the brake to a loaded wagon going up hill? If he did, his sensible horses would probably balk. Many a man is in the condition of pulling a load up hill with the brake set against him. When his stomach is out of order, and the allied organs of digestion and nutrition impaired in their functions, a friction is set up which has to be overcome in addition to the performance of daily duties. A foul stomach makes a foggy brain, and the man with a disordered stomach has often to grope his way through the day's business like a man in a fog. He forgets appointments. Problems seem presented to his mind "wrong end to." This condition is entirely remedied by the use of Dr. Pierce's Golden Medical Discovery. It puts the stomach and digestive and nutritive system into a condition of perfect health, and gives a clear brain, a steady hand and a light step for the day's duties. When constipation clogs the channels of the body, Dr. Pierce's Pleasant Pellets will work an effectual cure of that disastrous disease.

In one sense of the word a Chinese laundryman is a man of iron.

LET ME SAY I have used Ely's Cream Balm for catarrh and can thoroughly recommend it for what it claims. Very truly, (Rev.) H. W. Hathaway, Elizabeth, N. J.

I TRIED Ely's Cream Balm, and to all appearances am cured of catarrh. The terrible headaches from which I long suffered are gone.—W. J. Hitchcock, late Major U. S. Vol. and A. A. Gen., Buffalo, N. Y.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts. or mailed by Ely Brothers, 56 Warren St., New York.

Lots of men are no richer for the gift of gab.

RAILROAD NOTES.

PENNSYLVANIA RAILROAD.

SPECIAL TEN-DAY EXCURSION TO OCEAN GROVE, ASBURY PARK, OR LONG BRANCH.

For the benefit of those desiring to visit the great Ocean Grove Camp Meeting, the Pennsylvania Railroad Company will, on August 23, sell excursion tickets to Ocean Grove, Asbury Park, or Long Branch, from stations named below at the very low rates quoted. These tickets will be good for passage to Philadelphia on train indicated, thence on regular trains leaving Broad Street Station at 12 27, 3.30 and 4 17 p. m., that day, to destination.

Stations.	Train Leaves.	Rate.
Nescopeck.....Leave	8 23 A. M.	$4 50
East Bloomsburg.....	8.47 "	4 50
Catawissa.....	8.55 "	4.50
South Danville.....	9 14 "	4.50
Philadelphia.....Arrive	3.17 P. M.	.....

Tickets will be good for return passage on regular trains, except "Pennsylvania Limited," until September 1, inclusive, and will permit of stop-off at Philadelphia within limit returning. 8 8 2t

LAST OF THE SEASON.

REDUCED RATES TO THE SEA-SHORE.—LOW-RATE EXCURSION TO ATLANTIC CITY, ETC., VIA PENNSYLVANIA RAILROAD.

The last Pennsylvania Railroad low-rate ten-day excursion for the present season from North Bend, Troy, Bellefonte, Williamsport, Mocanaqua, Sunbury, Shenandoah, Dauphin, and principal intermediate stations (including stations on branch roads), to Atlantic City, Cape May, Ocean City, Sea Isle City, Avalon, Anglesea, Wildwood, or Holly Beach, will be run on Thursday, August 22, 1901.

Excursion tickets, good to return by regular trains within ten days, will be sold at very low rates. Tickets to Atlantic City will be sold via the Delaware River Bridge Route, the only all-rail line, or via Market Street Wharf, Philadelphia

Stop over can be had at Philadelphia, either going or returning, within limit of ticket.

For information in regard to specific rates and time of trains consult hand bills, or apply to agents, or E. S. Harrar, Division Ticket Agent, Williamsport, Pa. 8-15-2t.

REDUCED RATES TO LOUISVILLE, ACCOUNT TRIENNIAL CONCLAVE, KNIGHTS TEMPLAR.

On account of the Triennial Conclave of the Knights Templar, to be held in Louisville, Ky., August 27 to 31, the Pennsylvania Railroad Company will sell excursion tickets from August 22 to August 25, inclusive, to Louisville and return, at rate of one first-class fare for the round trip. These tickets will be good to return until September 2, inclusive, but if ticket is deposited by the original purchaser with joint agent at Louisville not earlier than August 28, nor later than September 2, and a fee of fifty cents is paid at the time of deposit, an extension of the return limit may be had until September 16. 15 2t.

D. L. & W. RAILROAD.

On account of the Triennial Conclave Knights Templar the Lackawanna Railroad will sell excursion tickets to Louisville, Kentucky, at one fare for the round trip. Tickets will be sold and good going August 22 to 26 inclusive, good returning up to September 2, except that by depositing tickets with Joint Agent before September 2, the limit will be extended to September 16 on payment of 50 cents. Stop-over will be allowed at Buffalo on the return trip. 2t

Orangeville Borough Ordinance—No. 19.

AN ORDINANCE GRANTING THE RIGHT OF WAY THROUGH AND OVER CERTAIN STREETS IN THE BOROUGH OF ORANGEVILLE, COUNTY OF COLUMBIA AND STATE OF PENNSYLVANIA, TO THE COLUMBIA & MONTOUR ELECTRIC RAILWAY COMPY REGULATING THE MAINTENANCE AND OPERATION OF THE RAILWAY OF THE SAID COMPANY, AND DEFINING THE CONDITIONS UPON WHICH THE RIGHT OF WAY IS GRANTED.

Be it ordained and enacted by the Council of the Borough of Orangeville, and it is hereby ordained and enacted by the authority of the same:

Section 1.—Specifications of streets over which franchise is granted. Poles, wires and additional tracks.

That from and after the passage of this ordinance, the Columbia & Montour Electric Railway Company, its successor and assigns, is hereby given the right, liberty and privilege, to erect, construct, maintain and operate, over and upon Main street, a single line of railway, with necessary tracks, and to lay upon said streets its said tracks, and to erect and maintain poles, and string wires thereon, for the purpose of operating said street railway. Said street railway shall have the further right of laying and maintaining such further and additional tracks, poles and wires, under and subject to the restrictions and regulations hereinafter provided, as may be necessary to carry their cars from their car barn to their main tracks, provided that before such additional tracks shall be laid, or poles or wires erected, the consent of the Borough Council shall be first obtained as to the location of the same.

Proviso.—And provided further that all the rights and privileges granted or conferred in this section shall be subject to the terms, conditions and regulations hereinafter contained and subject to such other reasonable regulations as may be provided by such ordinance, or ordinances, as may be hereafter passed by the Council of the Borough of Orangeville.

Section 2.—Written acceptance required to be filed to this and subsequent ordinances. Mode of signing the acceptance.

Before said Railway Company shall have any power or authority whatever to enter upon, occupy or use, the streets mentioned in this ordinance, and named for the purpose of constructing and maintaining their said railway, said Company shall file with the Clerk of the Council their written acceptance of the conditions and provisions of this ordinance, and of all reasonable provisions and such ordinances as may hereafter be passed by the Borough Council aforesaid, relating to street railways, and also an agreement on the part of said Company to construct, operate and maintain their said railway, its tracks, poles and wires, expressly subject to the provisions of this ordinance, and to all reasonable provisions of such subsequent ordinances as may be passed, as aforesaid, relating to street passenger railways; which said agreement and written acceptance shall be signed by the President of said Company and have affixed thereto the corporate seal thereof, duly attested by the Secretary, and shall show upon its face the requisite legal authority of said officers to sign such acceptance and agreement, and to affix the corporate seal thereto, so as to bind said Company.

Section 3.—Only electrical power shall be used.

That electrical power only shall be used on the railway constructed under the provisions of this ordinance, and the overhead system shall be discarded whenever a more satisfactory means of electrical propulsion shall be brought into practice and commercial use in communities of similar size.

Section 4.—Alignment, grades and supervision of poles, wires and overhead work.

The said railway shall conform its lines and grades with the stakes given by the Borough Engineer, and shall locate its poles and wires, and construct the same, both as to street and overhead work, under the direction of the President of the Borough Council and the Borough Engineer. That the said Railway Company, its successors and assigns, shall grade from curb to curb, according to the courses and distances, and grades, etc., as set out in ordinance No. 15, the entire Main street, from the south borough line to the north borough line, or to the end of said railway, if it doesn't extend to the north borough line, and the Engineer, for giving said grades, etc., as well as all other work done, for or on account of said Company, shall be paid by the said Company. Said Company shall replace all crossings that they may tear up, and shall not injure any of the drain pipes extending across said street.

Section 5.—Specifications as to paving between the tracks.

The said Railway Company shall lay and maintain its tracks in the middle of the streets in such a way and manner as to conform to the established grade of the streets occupied thereby, and such grade as may be hereafter established, and shall, at all times, keep the space between the rails, and for a distance of two feet outside of each rail, in good repair, and in conformity with the nature of the roadway, whether paved, macadamized or otherwise. It is further provided, that if, at any time, the said Borough Council shall determine by ordinance, to pave any of the streets, as above mentioned, which said Railway shall occupy, the said Railway Company shall likewise pave its roadbed between the rails, as well as two feet on either side thereof, with the same material as is used by said Borough Council.

Section 6.—Requirements as to paving by Company after paving by the Borough. Change of rails. Change of grade.

It is further provided that should the municipal authorities of the Borough, at any time hereafter, direct the streets occupied by said Railway Company to be paved with Belgian blocks, vitrified brick, or any other form of permanent pavement, that them, and in such case, the said Railway Company shall at once, at their own expense, pave one (2) feet outside of each rail thereof with such pavement as shall be directed. Should such improved pavement require the use of a different rail from that hereinafter provided for, then and in such case, such change of rail shall be made under the supervision of the President of the Borough Council and the Borough Engineer. And in the event of the change of grade of said streets, or any of them, by the said Borough, the said Company shall, at its own expense, take up, change, re-lay and alter its railway, and that part of the street or roadway, by it to be repaired and maintained, so as to conform to such new grade, as fixed by the municipal authorities, as soon as the Borough shall bring said street up to, or lower them to such new grade.

Section 7.—Provisions as to snow and ice.

That the said Railway Company shall not use salt on its tracks for the purpose of melting snow or ice, and when snow or ice is removed from the tracks, the same shall not be thrown in heaps along the side of the tracks, but shall be carefully and evenly distributed, so as not to obstruct public travel.

Section 8.—"T" rail shall be used. Manner of laying.

That the rails to be used by the said Railway Company shall be "T" rails, of not less than 56 pounds to the yard, and they shall be securely fastened to heavy wooden ties and bounded in a substantial and workmanlike manner. They shall not project above the regular grade of the street, but shall be kept on a level therewith and shall be laid 56½ inches apart.

Section 9.—Regulations to erecting, painting and use of poles.

That all poles erected by the said Railway Company shall be located, erected and maintained, under the direction of the President of the Borough Council and the Borough Engineer. Said poles shall be straight and smooth, and shall be painted from top to bottom, at the expense of the said Company. They shall be placed in such manner as to cause the least possible obstruction or injury to the curb or sidewalk; said poles shall be as few in number as possible and shall be subject at all times to the use of the Borough for the stringing of wires for its own use, not, however, in any way interfering with the operation of the said railway. Whenever and wherever said poles are erected the Company shall carefully replace the material excavated, and re-lay, in good order and repair, all bricks, flagging or other paving material, curbing or guttering, and shall, at all times, keep and maintain the pavements, curbs and gutters, around and about their said poles, in good order and repair.

Section 10.—Regulations as to wires.

That all wires suspended over the streets shall be at least 18 feet above the surface of the tracks, and shall be so fastened to poles and each other that they will be effectually insulated and properly secured.

Section 11.—Right of Fire Department.

That in case of fire, the Fire Department shall have the right of way upon said streets, and shall maintain the same as long as necessary, and no longer.

Section 12.—Company to construct within one (1) year. Penalty upon failure to obey ordinance. Proviso:

That the said Railway Company shall commence the construction of their said railway within four months after the passage of this ordinance, and shall have the same fully constructed, equipped and in operation, within one year after said date, unless the Borough Council shall, by ordinance, extend the time; and in case said Company shall fail or neglect to comply with the provisions of this section of this ordinance, the rights, liberties and privileges, herein granted, may be declared null and void by the said Council, and thereupon and immediately thereafter, any and all rights, powers and privileges of the said Company under this ordinance shall at once entirely cease, determine and become absolutely null and void. Should the Company, its successors or assigns, at any time after the expiration of the year aforesaid, neglect or fail to operate said street railway for a period of sixty (60) consecutive days, unless prevented by an act of Providence, or due process of law, them and in that case the liberties and privileges herein granted may likewise be declared null and void by the Borough Council, and thereupon and immediately thereafter any and all powers and privileges of said Company under this ordinance shall likewise cease, determine and become absolutely null and void. Provided further, that no cars shall be run at intervals simply for the purpose of retaining and holding the franchise and right of way herein granted.

Section 13.—If, in the opinion of the Borough Council of said Borough, it shall be necessary for the Borough authorities, their servants, workmen, agents or employees, at any time, to occupy all or any part of the street, upon which said railway is constructed, for any purpose whatsoever, they shall have full and entire authority to so occupy said streets, or any part thereof, without liability for damages for obstructing the operations of the railway, and without any hindrance upon the part of the said Company.

Section 14.—Culverts, drains and water pipes. Removing and relaying of tracks.

The authorities of said Borough shall, at all times, by themselves, their servants, workmen, agents or employees, have the right to make such repairs and improvements to the culverts, drains, sewers and water pipes, running along or near the surface of the said railway tracks, and to lay and maintain such additional culverts, drain sewers and water pipes, as they may deem proper; causing as little obstruction to the running of cars as possible. And whenever it shall be necessary for the said purpose to remove the tracks of the said Company, the same shall, upon reasonable notice, be removed and re-layed by the said Company.

Section 15.—Use of vehicles on tracks.

All persons may drive with wagons, carriages or other vehicles, on the tracks of said Company without becoming trespassers, provided, however, they do not retard, or in any manner interfere with the operation of said railway.

Section 16.—Company to indemnify for damages.

The said Street Railway Company shall indemnify and hold harmless the said Borough, in all suits or actions at law which may arise in the construction, maintenance and operation of said Railway Company, shall be permitted to defend in the name of the Borough in any suit or action.

Section 17. If, in any case, the said Railway Company shall neglect or refuse, when required by the municipal authorities, to repair pave, or re-pave the street or streets between its tracks, as hereinbefore required, or to do any other thing required by the previous provisions of this ordinance, or to take up and re-lay its tracks, as hereinbefore provided, or to do any other act, matter or thing, by this ordinance provided, then and in such case, the said Borough shall proceed to do the same, and shall collect and recover the expense and cost thereof from said Railway Company.

Section 18.—No tax on cars for ten (10) years. That there shall be no tax placed upon any of the cars, poles, or other apparatus of said Company, for the space of ten (10) years from the acceptance of this ordinance by said Company.

Section 19.—Company to pay expenses of ordinance.

That said Railway Company shall pay all costs and expenses incident to the drawing, printing, posting and publishing of this ordinance; and that said ordinance shall not go into effect until the proper officers of said Company shall have certified to this Council their acceptance of the same, as provided herein.

Passed by Council August 9th, 1901.

C. B. WHITE,
President of Council.

Attest: CLINTON HERRING, Secretary.
Approved August 9th, 1901.

A. B. HERRING,
Chief Burgess.

Made Himself a Human Toboggan

Strapped to a Plank, with Body of Girl Lashed to Him, Prof. McElfresh Dashed to Safety

Unconscious, borne over crevasses and glaciers in the arms of companions, and finally, when hope was almost gone, saved by the daring invention and heroic feat of one man who turned himself into a human toboggan, Miss Bethel Rawson, of Demoss, Ore., arrived below the snow line on Mount Hood the other night after a descent unparalleled in the history of mountain climbing.

Miss Rawson was one of a party of 25 who started to make the ascent of Mount Hood. The climb to the crater is a desperate one. The Tacoma correspondent of the Chicago Tribune describes the adventure as follows:

THE DESCENT WAS MADE LIKE A FLASH.

At noon, when the party had reached a point 300 yards below the crater rock, a blizzard swept over the peak. Exhausted by the climb and overcome by the intense cold Miss Rawson became unconscious.

Calls were sent for assistance from those who had already reached the summit, and the men rushed down and carried Miss Rawson and her companion, Miss Julia Hall, who was still able to walk, to a more sheltered spot, where an effort was made to revive the unconscious girl.

Finally the great snow field below the crater was reached. By this time the men had begun to fear that Miss Rawson would never survive the journey, and the need of getting her to shelter and warmth became every minute more imperative.

The party halted in despair. Then Prof. McElfresh, of Corvallis, Ore., suggested that a sled be built out of a rough board on which Miss Rawson had been carried for a time and the heavy sacks in which she had been wrapped to save her from freezing. The suggestion was adopted at once. Using ropes and twine, handkerchiefs, and cloth from clothes, a rude sled was hastily improvised. Prof. McElfresh offered to be strapped to the board and to carry the girl while the other men of the party propelled the sled over the snow. Prof. McElfresh, in a sitting position, clung to the girl while the others tugged and pulled. The scheme was tried for perhaps half an hour, but it was seen the girl could not stand the exposure much longer and survive.

Prof. McElfresh then came forward with another suggestion. He proposed to make himself a human toboggan, to hold the girl in his arms, while he, stretched on and strapped to the plank, would make the attempt to coast down the mountain side.

As there was no other chance, the party accepted the suggestion, dangerous as it was. Prof. McElfresh, stretched at full length, was tightly bound to the board, ropes were rigged that he might have a chance to guide his toboggan, then Miss Rawson's unconscious body was strapped tightly down upon his prostrate form, feet to feet and body to body.

The other men poised the toboggan on the edge of the steep, gave it a shove, and the man and girl shot out over the glacier and down through the snow.

The descent was made like a flash.

When the timber line was reached the professor, cutting himself loose, worked over the girl until the rest of the party made the descent.

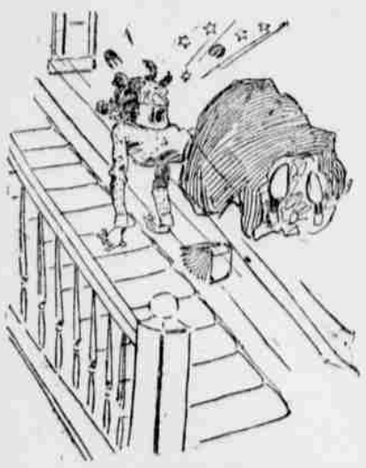
Then the party carried Miss Rawson to the Mazma camp, where the women took the girl in charge, wrapped her in hot blankets, placed hot water bottles to her feet, and poured stimulants and hot broth between her lips until consciousness returned. Later Dr. Young, of Seattle, was summoned and to-day Miss Rawson is rapidly recovering from her terrible experience.

TOO FUNNY FOR HER.

Fondness for Practical Jokes Lands an Otherwise Exemplary Husband in Divorce Court.

Mrs. Myra Trumbull, of Gainestown, Fla., asked the courts for a divorce from her husband, John T. Trumbull, on the grounds that John was a practical joker. Mrs. Trumbull said that John never flirted with chorus girls, or staid out late at night, or drank until friends carried him home, or chased her with a stove poker. John was always a good and faithful helpmeet, except that he thought it was funny to put cold clammy frogs in his wife's bed and put castor oil in the chocolate cake that she took to a church picnic.

John was so playful that he thought it real good fun when he put a bucket half full of water over the door when his wife expected company, and he thought it was the greatest joke he



JOKE ON MOTHER-IN-LAW.

ever heard of to lure the family cow up the front hall stairs and tie the faithful animal in the spare bedroom. Then he told his wife that her mother had arrived and gone up to her room.

Mrs. Trumbull burst into the spare bedroom with a glad cry of "mother" and kissed the cow three times before she discovered that she had been deceived and hooked in the eye. At one time when mother-in-law really did come for a nice long visit, John had a carpenter fix the stairs so that they folded up like a shutter and the first trip that mother-in-law made down them resulted in her breaking two ribs. Mrs. Trumbull thinks that John is too funny for any use.

A Hint for Housewives.

A vanilla bean kept in the sugar box imparts a delicious flavor to the sugar.

YOUNG PEACE OFFICER.

Richard Roscha, 14 Years Old, Frequently Acts as Deputy Sheriff Away Out in Arizona.

The youngest peace officer in the United States lives at Congress, says the Arizona Republican. He is Richard Boscha, 14 years old, the son of Deputy Sheriff Pete Boscha, who has

TOOK HIM INTO CAMP.

been a deputy sheriff under all administrations in Yavapai county for 20 years—a fearless and efficient officer.

Richard Boscha is small for a boy of 14. He has black hair and eyes and a look of great intelligence. He came to Phoenix recently, bringing the 16-year-old son of a county official who had become infatuated with the Coontown 400 and ran away with it. Young Boscha was asked if the young man was glad to go back. "No," he said, "he didn't want to come, but there was no way out of it for him." Another boy, the stepson of a well-known resident of Phoenix, also ran away with the show. He was with it at Congress, but has not been apprehended. The boys were to get one dollar a day and board. Their part in the performance was assistants in the erection of the tent. The next stopping place after Congress the boys understood to be was Denver.

Young Mr. Boscha first came into prominence about a year ago by the arrest of a Mexican for whom the officers had been looking for some time. He and another Mexican had fought a duel intended to be deadly, for the favor of a senorita. One of them was wounded and the other left the country. Some months afterward this little boy, then only 13 years old, found the duelist, and at the point of a gun took him into camp.

The Hatchet Again.

The high-priced automobile
Now occupies the track;
But G. Washington was satisfied
With a modest little hack.
—Chicago Daily News.

The Way of It.

Mrs. Smith—Katie—Katie, this watermelon isn't cold at all.

Katie—Well, 'taint no fault o' mine, mum; Mr. Smith he got sich a big one that when I put it in th' ice chist I had ter take th' ice out.—Chicago Record-Herald.

Means of Identification.

"Are these your clothes or mine?" asked the athletic man of his wife.

"Look in the hip pocket," was the reply. "If it's smelling salts they're mine; if it's brandy they're yours."—Leslie's Weekly.

Woodsmen

Know that in spite of hard work in the clear forest air the blood often becomes impure. The heavy food served in the lumber camps is to a great extent responsible for this condition of the blood, which renders the body an easy prey to many forms of disease. There is no better blood purifier than Dr. Pierce's Golden Medical Discovery. It cures eruptions, pimples, eczema, scrofula, rheumatism, and other diseases caused by an impure condition of the blood. It cures absolutely and altogether by cleansing the blood from the poisons which breed and feed disease.

Accept no substitute for the "Discovery." There is no other medicine "just as good" for the blood.

"I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. James Murphy, of Fonda, Pocahontas Co., Iowa. "It has cured me of chronic scrofula of twelve years' standing. I also had chronic diarrhea for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery. I took several bottles of the 'Discovery' before I stopped."

Dr. Pierce's Common Sense Medical Adviser, containing 1008 pages, and over 700 illustrations, is sent free on receipt of stamps to defray expense of mailing only. Send 21 one-cent stamps for the book in paper cover, or 31 cents for the book in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

SHERIFF'S SALE.

By virtue of a writ of Fi. Fa., issued out of the Court of Common Pleas of Columbia County, Pennsylvania, and to me directed, there will be exposed to public sale, at the Court House in Bloomsburg, county and state aforesaid, on

SATURDAY, SEPT. 7, 1901,

at two o'clock p. m , all those two certain tracts, or parcels of land, situate in the Township of Catawissa, Columbia County, Pennsylvania, bounded and described as follows, to wit: Beginning at a corner of land of Elias Weaver, and thence by same north seventy-two degrees east, seventy-one perches to a stone; thence by land of William Zimmerman south eight degrees east, twenty-eight perches to a chestnut stump; thence by same, and lands to be conveyed by John Wren to Elias Weaver, south seventy-two and one-half degrees west, sixty-nine and two-tenths perches to the public road, known as the Esther Furnace Road; thence along road north thirteen and one-half degrees west, twenty-seven and eight-tenths perches to the place of beginning, containing

11 ACRES,

neat measure, whereon is erected a small

FRAME DWELLING HOUSE,

frame barn, and other outbuildings.

TRACT NO. 2.—Also, all that certain tract of land, in Township of Catawissa and state aforesaid, bounded and described as follows, to wit: Beginning at a stone in the public road, aforesaid, thence same thirteen and one-half degrees west, nineteen and one-half perches to a stone in said road; thence by land of Warren Hower south eighty-two and three-quarters degrees west, twenty perches to a stone, in line of Elias Weaver; thence along same seventeen and one-quarter degrees east, twenty-two and seven-tenths perches to a chestnut; thence by land of same north seventy-two degrees east, eighteen perches to the place of beginning, containing

2½ ACRES,

neat measure.

Seized, taken in execution, at the suit of E. D. Tewksbury and John Sousser, administrators of E. M. Tewksbury, deceased, vs. William Zimmerman, and to be sold as the property of William Zimmerman.

DANIEL KNORR,
FREEZE, Atty. Sheriff.

DANIEL KNORR,
HARMAN, Atty. Sheriff.

ORPHANS' COURT SALE
—OF VALUABLE—
REAL ESTATE.

Pursuant to an order of the Orphans' Court of Columbia County, Pennsylvania, the undersigned, administrator of the estate of Lawson Hughes, late of Mill Grove, deceased, will expose the following property to public sale on

TUESDAY, SEPT. 17, 1901,

at one o'clock p. m., upon the premises, in Mill Grove, Columbia County, Pennsylvania.

TRACT No. 2.—Situate in Mill Grove, and bounded by the public road leading from Mill Grove to the Union Switch, lands of Owen W. Cherington and Elijah Beaver, containing about

15,826 SQUARE FEET,

whereon is erected a

3-STORY FRAME BUILDING,

commonly known as the Terrace House property. The last above described property to be sold upon the condition "that no license whatever shall at any time be obtained for the sale of any spirituous or malt liquors upon the said premises, by the purchaser or purchasers thereof, their heirs or assigns, or lessees, and that a covenant to that effect shall also be inserted in the deed conveying said premises."

ALSO,

TRACT NO. 3.—Situate in Mill Grove, and bounded by the public road leading from Mill Grove to the Methodist Church, in Roaring-creek township, lands of Owen W. Cherington and other lands of decedent, containing about

70¼ SQ. PERCHES OF LAND,

on which is erected

A LARGE FRAME STABLE.

TERMS OF SALE:—The one-half of the purchase money, being the amount to be set apart to secure the widow's interest, to be and remain a lien upon the premises, as required by law, the interest thereof to be paid to her annually, from and after the date of confirmation, during her life, and the principal thereof to be paid at her death, to the parties legally entitled thereto; ten per cent. of one-fourth of the purchase money at the striking down of the property, excepting sales under ($300) two hundred dollars, which shall be ten per cent. of the whole; the one-fourth, less the ten per cent., on confirmation of sale, and the balance with interest from the confirmation, in one year from day of confirmation. All bonds and mortgages taken to secure the deferred payments on the several premises, and the deeds of conveyance, to be paid for by the purchaser or purchasers, respectively.

These properties will positively be sold, as it is desired to close up and settle the estate.

OWEN W. CHERRINGTON,
N. U. FUNK, Att'y. ADMINISTRATOR.

AUDITOR'S NOTICE.

ESTATE OF ISAAC J. FISHER, LATE OF CLEVELAND TOWNSHIP, COL. CO., PA., DECEASED.

The undersigned appointed an auditor by the Orphans' Court of Columbia County to pass upon exceptions filed to the account of W. B. Snyder and J. L. Fisher, executors of said decedent, and to make distribution to and among the parties entitled thereto, will sit at his office in the Ent Building, Bloomsburg, Pa., on Friday August 23rd, 1901, at 9 o'clock in the forenoon, to perform the duties of his appointment, when and where all parties interested in the fund in the hands of the executors of said deceased will appear and prove the same or be forever debarred from coming in on said fund.

7-25 4t N. U. FUNK, Auditor.

SHERIFF'S SALE.

By virtue of Sundry writs of Fi. Fa. issued out of the Court of Common Pleas of Columbia County, Pennsylvania, and to me directed there will be exposed to public sale at the Court House in Bloomsburg, County and State aforesaid on

SATURDAY, AUGUST 31, 1901,

at two o'clock p. m., all that certain piece, parcel and tract of land, situate in Fishingcreek Township, County of Columbia and State of Pennsylvania, bounded and described as follows, to wit: Bounded on the south by lands of John McMichael, upon the east by lands of Benjamin Hess and Reuben Hess, deceased, upon the north by lands of E. P. Bender and C. A. & P. D. Wesley, and upon the west by lands of Benjamin Golder, containing

60 ACRES,

more or less.

Seized, taken in execution, at the suit of Frank Ikeler and Fred Ikeler, executors of E. R. Ikeler, deceased, vs. M. W. McHenry and Joseph P. McHenry, and to be sold as the property of M. W. McHenry.

DANIEL KNORR, Sheriff.

IKELER & IKELER, Attys.

REGISTER'S NOTICE.

PUBLIC SALE.—Owen W. Cherington, administrator of the estate of Lawson Hughes, late of Mill Grove, Columbia County, Pa., deceased, will expose to public sale, on the premises, in Mill Grove, on Tuesday, Sept. 17, 1901, at one o'clock p. m., two tracts of land, one containing 15,826 square feet, and the other 70¼ square perches of land, the former being known as as the Terrace House property. The improvements thereon are a 3-story frame building and a large frame stable.

FOR RENT:—A store room on Front street, in Berwick, Pa, next door to Opera House. Well lighted with gas, and has all necessary fixtures. Water in building. Has been used as a drug store for twenty years. Apply to (3t)
S. W. DICKSON, Berwick, Pa.

For a good bicycle, either ladies' or gent's, go to Mercer's Drug & Book Store.

The Royal Arcanum picnic, at Island Park, yesterday, was largely attended. Bloomsburg sent a good sized delegation. The day was a perfect one throughout.

Billhime & Brother, of Turbotville, have recently added two new lime kilns to their works and an excellent quality of lime is being produced. Jeff Whitenight is the efficient burner.

The Lutheran church, of Canby, will hold a festival at their church and grounds in that place Saturday evening, August 31. An excellent supper will be served; also ice cream, cake, etc. The public is cordially invited.

Rev. A. W. Decker who was pastor of the Jerseytown charge of the M. E. church several years ago, died at Orbisonia last week. His age was 65 years. He was a member of J. P. Eves' Post 536 G. A. R. of Millville.

Another clam bake and dance will be given by landlord A. C. Hidlay at the Rupert Hotel Thursday evening next, August 22. Good order will be maintained. The rough element which caused so much disturbance at a previous occasion will be excluded. Five thousand clams will be served.

Mr. and Mrs. Guy Jacoby have returned home from a week's stay at the Pocono Mountains and at Deleware Water Cap. The 'Squire also visited Coney Island. The sights and amusements of this famous resort are many and wonderful he says, chief among them being The Loop an apparatus in the operation of which centrifical force plays a prominent part.

Take your bike to the Bloomsburg Cycle Works, rear of Moore's store, for all repairs.

The agent of the Northwestern Yeast Co. (the largest manufacturers of dry yeast in the world) distributed samples of Magic Yeast here last week. This yeast has been on the market over 20 years and cannot be equalled in raising light, sweet bread.

The apple crop will be a failure in lower Luzerne county, says the *Hazleton Sentinel*. Those coming into market at present are extremely poor in quality, nearly all being blighted. In some of the orchards there will be little or no fruit, and in others the crop will be below rather than up to the average. The changes in the weather are said to be responsible for this.

Thursday afternoon of last week Dr. William J. Mather's barn, near Rohrsburg, was struck by lightning and destroyed. Luckily for Mr. Mathers the building was fully insured, otherwise it would have been a very expensive blaze, as the contents, consisting of a whole lot of hay and grain, farming implements and a calf were burned. The indemnity will cover all.

Bicycle fiends that eat, walk and sleep in their wheeling suits, are a nuisance, and it is pleasing to note that their numbers are gradually diminishing. At a recent society function two of this class were excluded from the dancing room by the hostess who bravely enucleated her dislike to their garb. Young men who attend an evening party in bicycle costume purposely are deadened to all sense of propriety.

Do you want a good second-hand bicycle? If so, go to Mercer's Drug & Book Store. One ladies' wheel, $9.00, with new tires; one gent's wheel, style, Sentinel, a bargain at $11.00; one gent's wheel, style, Reading, for $11.00; one high grade Columbia wheel, gent's, for $9.50; one Reading Special, with coaster brake, for $16.50. New last year; one Crescent tandem for $25.00.

It is neither tempting nor encouraging to single people, to hear that an eighty-year-old colored resident was called before a Wilkes-Barre magistrate a few days ago to answer a charge of desertion perferred by his wife. One would think that surely the aged couple would have learned to understand each other perfectly during all the years that have elapsed since their nuptial day. Wasn't it Shakespeare who said there are things in heaven and earth not dreamed of in our philosophy? Surely this instance of marital infelicity must be one.

The Lime Ridge Band was certainly in hard luck with their festival Saturday evening. About half past four o'clock in the afternoon a terrific shower blew up and the rain came down incessantly for two hours. The attendance was so small that the festival was postponed till Mouday night, but again the weather was unfavorable. The proceeds consequently were not as large as they would have been had nice weather prevailed. The amount realized will be devoted to more thoroughly equipping the organization.

Isaac Rhoadarmel died from a cancerous affection at his home on West Third street Tuesday morning. He had been a resident of Bloomsburg for the past forty three years, having moved here from Franklin township, where he was born in 1841. He was a soldier in the Civil war and served in Co. E 132nd Regiment. The survivors are a wife and four children, Mrs. William Sarley, of Berwick; Mrs. C. H. Thomas, of Wilkes Barre, and Jennie and Frank who live at home. The funeral will take place tomorrow afternoon at 1:30.

Stops the Cough and Works off the Cold.

TOWN COUNCIL.

Trolley Wire on Main Street Must be Raised to Height Required in Ordinance.

The Town Council was in regular monthly session Thursday evening. Thomas Webb was the only absentee. After the minutes of the previous meeting had been read and adopted, regular business was taken up.

H. A. M'Killip Esq. presented a petition in which the Town is asked to turn over to the Firemen's Relief Association, the amount received from the State. The matter was referred to Solicitor Ikeler, with the request that he report at the next meeting.

In relation to the matter of street paving the solicitor stated that in the opinion of the Court the Town of Bloomsburg cannot create any new debt except for the ordinary current expenses unless the people decide that such debt be increased at a special election.

On motion duly seconded building permits were granted to J. Warner Mifflin, J. W. Sands and Miss Minnie Penman.

In relation to the removal of the canal bridge near Keiter's Mill on motion duly seconded the Town propose to pay $25.00 for the removal of same, the balance to be paid by Mr. Keiter, Town to use all stone and timber not used in construction of culvert.

On motion duly seconded canal bridge at Catharine street to be removed and fill made.

In relation to the drainage of the Pennsylvania Canal, President Ikeler stated that the Company has given the town permission to ditch the same. Referred to the Town Engineer and Street Commissioner to examine and report at next regular meeting.

In relation to the dripping of the fountain on Market Square and flooding of the pavements, Street Commissioner reports that same is due to water not being properly turned off. On motion duly seconded all persons are fobidden to meddle with same except those in charge.

On motion duly seconded Secretary was instructed to compare tax duplicate of 1901 with registry lists and enter thereon all names omitted by the tax assessor.

Report of lights read and referred to the Committee on Light.

On motion duly seconded, August 29, 1901, was fixed for appeal day.

On motion duly seconded Secretary was instructed to notify the Columbia & Montour Electric Railway Company to place the trolley wire on Main street to the height required by ordinance, viz: eighteen feet above tracks.

Jacob Brobst reports gutter in front of his property on West Main street in bad condition and requests Town to pipe same. On motion duly seconded Mr. Brobst was granted permission to pipe said gutter at his own expense.

John Kramer appeared before Council and asked for exoneration from taxes on the 1896 duplicate. Referred to Finance Committee to report at next regular meeting.

Mr. Kashner reports gutter on Catharine street between Sixth and Seventh streets in bad condition. No action taken.

Mr. Cronin reports that residents on Main street complain that sewer connections have been made with surface drain pipe. No action taken.

In regard to the matter of opening River road, Street Commissioner Neyhard was instructed to begin work on same as soon as possible.

On motion duly seconded the Treasurer was instructed to borrow $1000 for thirty days.

The Secretary was instructed to issue orders for bills presented and passed after which the meeting adjourned.

There is a disease spreading among horses that acts something like distemper. Some animals cough a great deal, others suffer in the eyes and many are afflicted with swollen throats. The disease has found its way to the race horses. A well known horseman says that when it gets into a stable it attacks the animal in various ways.
